l. Volume 14, Number 9 issue of the "Frontier" magazine for July 1963. A review of this issue of the magazine notes the following of security interest:

The editorial, appearing on page 3 is by publisher GIFFORD PHILLIPS, and deal with the racial integration problem in the Los Angeles area. On page 16 there is an editorial by Editor PHIL KERBY titled "The Witch Doctors Render a Decision," which deals with the "certificate of sanity" issued to the John Birch Society by the California State Committee on Un-American Activities in "its biennial insult to the people of California."

Page 5-7 consist of an article by ALMENA LOMAX, titled "The Muslim Trial in Los Angeles." An additional editorial appearing on pages 3, 4, and 15, titled, "Los Angeles: No Birmingham West," is by LA REE CAUGHEY, and deals with the Negro demonstrations at the Los Angeles Board of Education.

Pages 20-21 consist of film reviews by COLIN YOUNG. The television section, on pages 25-27, bears the by-line of LEW IRWIN.

DOROTHY MARSHALL has her usual advertisement on page 25 of the July issue; and page 21 of the August issue. The Progressive Bookshop also has ads in both these issues, page 20 of the July magazine and page 19 of the August 1963 issue.

2. Volume 14, Number 10, issue of the "Frontier" magazine for August 1963.

Pages 2 and 27 of this August 1963 issue contain the "This Month" section relating to the integration issue, and bears the initials "PK," which it is believed refers to editor PHIL KERBY. KERBY also has another editorial on pages 4 and 15, titled "Poisoned at the Source," relating to an investigation by the Senate Foreign Relations Committee on unlabeled foreign propaganda and the Hamilton Wright Organization.

LA 100-47307

The feature article in the August issue is titled "Suicide," and is written by ELIZABETH POE.

"The Literary Frontier" section of the August issue contains two articles. One by JOHN W. CAUGHEY, titled "Hysteria Revisited," deals with minorities; and the other, titled "Final (?) Verdict," is by EDWARD MOSK, who is identified as "chairman of the legal panel of the Southern California Chapter of the American Civil Liberties Union."

The letters to the editor section of the August issue includes letters from Dr. JUDD MARMOR, ROBERT RYAN, and GENE MARINE. In RYAN's letter he acknowledges that "the first SANE affair, was, as you noted, held at my house...and... by far the largest contribution (\$500) came from an alien who has recently be cited for both miserliness and frivolity--RICHARD BURTON."

Birch Leader Tells of Effort to Purge Him

FULLERTON (UPI) —
Robert Welch, founder of
the John Birch Society,
said Friday night there had
been a determined effort "to
get rid of me," but said the
society would be "greatly
weakened if I were disposed
of."

He told about 2,000 persons at Fullerton High School auditorium that the society is being "neutralized" by the political activities of members.

Without his leadership, Welch said, the society would be in difficulty because of its structure.

The meeting was billed by Welch as an "open house" for the public. Welch will speak tonight before the general practice section of the Los Angeles County Medical Assn. at the Statler Hotel.

Extremisi Get the Brown

By JUD BAKER

Herald-Examiner Political Editor

SAN FRANCISCO, Sept. 25 — Gov. Edmund G. Brown renewed his attack on "extremists on the radical right" and the John Birch Society here today.

In a speech before a joint strain speech before a joint speech speech son. meeting of the California State Bar and the Conference of California Judges, the gov ment-its monolithic charernor blasted efforts to launch an impeachment of U.S. Chief Justice Earl Warren, a former California governor.

After urging lawyers and judges to recognize and meet their responsibilities in the field of civil rights, the gov

ernor asserted:

"There also is a need for vigilance in supporting the tradition of judicial independence. Otherwise extremists on the radical right or left may destroy the very integrity of our system.

"Year after year it (California's State Bar) has summarily rejected unfair and unfounded attacks leveled by extremists in the form of resolutions aimed against our courts and judges.

"I know that the bar of this state will give no haven to the John Birch Society, which has become nationally infamous in its efforts to impugn the integrity of one of the greatest chief justices in our history."

The governor opened has speech with a defense of so-called "big government," asserting:

what is called big gover acter, its lack of responsiveness, and its isolation from the problems of the individual.

"But in Sacramento we daily encounter challenges which stem from the complexity of 20th Century problems.

"Even smallest decisions must be made with full regard for their impact on competing and conflicting interests, with sober concern for balancing those interests and with a full consideration of how such decisions will affect future growth.

"Political and practical necessity often compels compromise — so even where there is substantial agreement on objectives, it is often a slow and difficult process to accomplish them."

The governor pointed out that "it is in this context that the courts have so plendidly served to rebut he claim that society is unnsive to the individd's needs" and that gov-

mment is "too big to serve the individual."

Chief Justice Warren and seven of his eight U.S. Supreme Court colleagues who are here for the 36th annual convention of the California State Bar and the 31st annual meeting of the Conference of California Judges will share the spotlight tonight with California's chief justice, Phil S. Gibson, and the state's Supreme Court at a special meeting in their honor at the Masonic Memorial Temple.

In addition to Warren, the special meeting at Masonic Memorial Temple tonight will be addressed by Califor, nia's Chief Justice Phil Gib-

HONOR JUSTICES

Justices of both the U.S. and California Supreme Courts were honored last night at a dinner of the Conference of California Judges attended by more than 1000 members of the California bench and bar.

The event was a special tribute to Chief Justice Warren, who was appointed to the U.S. Supreme Court 10 years ago this month by former President Dwight D. Eisenhower.

Earlier, Warren made an unscheduled appearance at a convention session, arriving just as a resolution congratu lating him on the 10th anni versary of his Supreme Court appointment was being adopt

Warren, the only honorary member of the State Bar, told the lawyers he could not resist the temptation to drop in for a quick hello, but he drew a roar of laughter at the dinner when he remarked that he actually had gone to the meeting "to lobby that resolution.

PICKET LINE DEMONSTRATION to protest the appearance of ROBERT-WELCH, John Birch Society head, before the LOS ANGELES COUNTY TEDICAL ASSN. dinner held at the Statler-Hilton Hotel in L. A. on Sat. night, Sept. 21, 1963, at p.m.

The CHARLES R. DREW MEDICAL SOLERY, headed by Dr. HENRY PAUS, 1431 V. Adams Blvd., L.A. RE 249175, announced prior to this dinner that they were opposed to the appearance of Robert Welch before the Medical Association, on the basis that they felt the L.A. County Medical Association, on the basis that they felt the L.A. County Medical Association, on the basis that they felt the L.A. County Medical Association, and that the appearance of Mr. Welch violated these provisions. They were also opposed to the Birch ociety because they place emphasis upon property rights and States Mights rather than upon human rights.

At 6:15 p.m., a group of 14 pickets assembled on the 7th St. side of the Hotel and began a picket line. They were asked by the Hotel management to stay off of hotel property and not block traffic, as 1t entered and left the hotel entrance driveway. Out of the 14 original pickets, two were caucasians and the rest Megro. The picket line grew in volume until at 7 p.m. there were 38 pickets, picketing as follows:

7th St. entrance - 20 picket; 4 caucasians, 16 Negroes.
Wilshire Blvd entrance - 14 pickets; 2 caucasians, 12 Negroes.
One of the caucasians was DR. MURRAY ABOVITZ, known CP Mbr.
On Francisco St. at the rear of the hotel, in front of entrance to the garage, there were 4 Negro pickets.
The picketing was conducted in an orderly manner with a minimum of inconvenience to the hotel guests.

Leaflets were handed out by the demonstrators, setting forth their policy regarding Robert welch and giving this as their reason for picketing.

Information was received that a counter-picket line consisting of members of the JOHN BIRCH SCUIETY would appear and picket at the same time the doctors were conducting their picket line. A check was made with the Birch Society and they stated they had no plans to demonstrate at the dinner.

At 7:45 p.m., a group of 10 pickets, all of whome were caucasian, appeared at the 7th St. entrance to the hotel and began an anti-Drew hedican cociety picket line. Their signs reflected support for Robert Welch; however, there was nothing to indicate that they were from the Dirch cociety. Their picket was orderly, also, and while they marched side-by-side, there was no conflict between the two picket lines.

Attention: Mr. W. G. Simon,

Special Agent in Charge

Dear Sirs:

Please be advised of the following information:

- 1. Both my husband and I are members of the John Birch Society.
- 2. We are interested in fighting the communist conspiracy in the United States, and have decided that we will subscribe to the Daily Worker and The People's World in order to be aware of the current communist party line and tactics.
- 3. I have also received one piece of literature from Women Strike for Peace, Washington, D.C.--a booklet entitled The Story of Disarmament. I requested this booklet from WSP, in order to find out their stand and names of the heads of the organization. I am no doubt on their mailing list, and will, perhaps, receive future unsolicited mail from them.

This letter is just to inform you of our actions concerning the above-listed items. Please put this on file for future use, in case some well-intentioned American citizen calls and says we are receiving the communist literature. We believe that to do an intelligent job on the question, we must be kept abreast of the current line. We hope to be able to do our part, however small it might be, in the fight against communism. We believe that through examining the communist publications we will be able to more intelligently wage the fight and recognize the communist line when applied to the daily happenings in our country.

We know that you are working daily on this problem, and please accept our thanks for this. Kepp up your conscientious, all too-often unheralded efforts on behalf of the preservation of the American way of life--there are so very many of us who are trying, through education and action, to assist in many small, though effective ways.

	Sincerely.	سر

THE JOHN BIRCH SOCIETY

The John Birch Society was founded in Indianapolis, on December 9, 1958. Most of the eleven men who met there with-Mr-Robert Welch-are today members of our COUNCIL, which is the top governing body of the Society.

We are very proud of our COUNCIL. Informally limited to thirty men, it has twenty-seven members today. And it has been remarked by many of our enemies as well as friends that it would be almost impossible to put together in one group a more imposing list of leaders in the American Conservative movement.

The John Birch Society operates largely through local chapters, usually of between ten and twenty members each. Merely being patriotic or anti-Communist is not sufficient qualification for membership. We must have associated with us, now and in the future, only men and women of good will; good conscience, and religious ideals. For we are striving to set an example, by dedication, integrity, and purpose—in word and deed—which our hildren's children may follow without hesitation.

It is this character, quality, and caliber of our membership which so amazes everybody, on first learning the truth, after having heard about us mainly from utterly distorted reports in so much of the press and over the air.

As to our purpose. The John Birch Society is a group of Americans who have voluntarily joined together:

- (1) To combat more effectively the evil forces which now threaten our country, our lives, and our civilization.
- (2) To prevail upon our fellow citizens to start pulling out of the deepening morass of collectivism, and then climb up the mountain to higher levels of individual freedom and responsibility than man has ever achieved before.
- (3) To restore, with brighter luster and deeper conviction, the faith-inspired morality, the spiritual sense of values, and the ennobling aspirations, on which our western civilization has been built. The long-range objective of the Society has been

The long-range objective of the Society has been summarized as less government, more responsibility, and a better world.

We are digging far more deeply into the problems we face, however, and building far more solidly in our coordinated effort to overcome the destructive forces around us, than can be indicated by the brief outline of our purposes given above. In the

more complete presentations—as in the Blue Book, for instance—we have attempted: (1) To outline the nature and the frightening advance of the threats against our nation, our religion (all religion), and our civilization; (2) to evaluate these dangers, and place them in their proper perspective, against the backdrop of world history and the rise of western civilization; (3) to set forth a positive philosophy and program to which men of good will, religious ideals, and humane traditions may rally with confidence and determination; (4) to offer leadership which can make the dedication of such men and women more constructive and more fruitful; and (5) simply to describe in detail the organization, function, and procedures of The John Birch Society.

Since the defeat of the Communist conspiracy overshadows all other objectives at the present time, our action program for the near future breaks down into ten categories: (1) Dissemination of Americanist books and pamphlets as widely as possible; (2) increasing the circulation and readership of the best Americanist periodicals; (3) enlarging the audience of Americanist commentators and newscasters on radio and television; (4) making more effective use—through better planning, direction, and coordination-of the weapon of letter writing; (5) organizing Americanist fronts for many different purposes, including the widespread use of petitions in some instances; (6) waking up the American people to the seriousness of our danger by exposing, wherever possible, the pro-Communist activities of Communist sympathizers; (7) making it more difficult for hundreds of pro-Communist speakers to appear before thousands of unsuspecting audiences without at least some identification as to their slant and background; (8) making Americanist speakers available for audiences which arenow, simply by default, at the mercy of pro-Communist lecturers; (9) supplying encouragement and renewed hope and determination to anti-Communist refugee groups throughout our country; and (10) carrying on an educational campaign on the political front, so that our members will understand better-the issues and candidates offered to them by all political parties.

Now of course these efforts have brought down on our heads the massive anger and abuse of the Communists and of their allies—plus all of the good citizens whom—as always—the Communists can beguile into doing their work for them. There are several things about The John Birch Society which

disturb and frighten the Communists very much.

(1) First, even with our present comparatively small size we have been able to exert some visible influence as a brake on pro-Communist moves and measures.

(2) In our primary task of getting books and pamphlets which tell the truth out to the public, to wake up more good American citizens to what is really happening, we have been doing an increasingly effective job.

(3) The third big worry of the Communists and their sympathizers about us is our potential for the future. It is perfectly obvious that if we can keep on growing as we are, until we have as many members throughout the country as there now are Comsymps, we shall be able to rout the whole Communist conspiracy because of having truth, morality, American-traditions, and the vast bulk of the American people, on our side.

And (4), a really big worry for the Communists is that, because of our organizational structure, they have not been able to get inside The *John Birch Society* in such manner as to split it into factions, diffuse its purposes, and bog it down in internal disputes, as they do other anti-Communist groups.

For years the Communists have gone all out to liquidate The John Birch Society. They have had plenty of help from other sources, goodness knows. So they become decidedly and understandably annoyed when, instead of rolling over dead, we go on becoming stronger month after month. As to just what form of vicious attack we should expect from them next, your guess is as good as ours.

Finally, let us summarize for you in one short paragraph all we have tried to say about the function and purposes of The John Birch Society. We do not hold this inheritance of ours in fee simple, as our lawyer friends would say, but are merely tenants for life in this environment for human life which was created for us by our ancestors and bequeathed by them to us. But in The John Birch Society we feel that today our generation is rapidly dissipating and abandoning, rather than improving, the material, the political, and the spiritual assets of our marvelous legacy. We are determined to do everything honorable within our power to save for our children and their children this wonderful country and human civilization which we ourselves inherited. To that end we ask the help of men and women of good will and good conscience everywhere.

CAPTAIN JOHN BIRCH

John Birch was a Christian missionary, from a farm near Macon, Georgia, who was in China when we entered World War II. His heroism, accomplishments, and nobility of character were to make him a legend which the Communists could not allow to live.

On July 4, 1942, John Birch officially joined General Chennault's forces in Chungking as a volunteer. He organized Chennault's intelligence service, rose to the rank of Captain in the United States Army, and served with unsurpassable bravery and brilliance throughout the war. He was frequently referred to by both his associates and superiors, as the most important single man in our forces struggling against the Japanese in China.

Ten days after V-J day, while in uniform, on a peaceful and official mission for our government, John Birch was brutally murdered in cold blood by our "allies," the Chinese Communists. This was on August 25, 1945. He thus became probably the first American casualty in that third World War between the Communists and the ever-shrinking "free world."

John Birch was killed by typical Communist tactics, as a part of typical Communist strategy, in a typical Communist-style war - a continuous undeclared war in which our enemies observe no rules of international law, of civilization, or of human decency. He commanded no armies, headed no government, converted no nations to his creed. His impact would have-been-of-transient memory and comparatively small importance, had not that impact occurred at a time and in a way to supply particulars from which momentous generalizations can properly be projected. With his death and in his death the battle lines were drawn, in a struggle from which either Communism or Christian-style civilization must emerge with one completely triumphant and the other completely destroyed.

Partly for these reasons, but even more because John Birch—in all of his short but outstanding career—so typified the best of America, we have named our organization in his memory. If we rediscover some of our sounder spiritual values in the example of his life, recharge our determination from the spark of his courage, and learn essential truths about our enemy from the lesson of his murder, then his death at twenty-six ceases to be a tragedy. For in a full lifetime he could not have accomplished more.

Numerous unsubstantiated, malicious descriptions of The John Birch Society have been made by various people and these have been very thoroughly propagated by the news media, thereby, creating widespread false impressions. As proof that these descriptions are false, the following statement is offered from "The Report of the Senate Fact Finding Subcommittee on Un-American Activities to The 1963 Regular California Legislature Sacramento, California". (Taken from the conclusions on pages 61 and 62)

"We have not found the society to be either a secret or a fascist organization, nor have we found the great majority of its members in California to be mentally unstable, crackpots, or hysterical about the threat of Communist subversion. As we have stated, there have been instances of imprudent activity and indefensible statements, but such isolated occurrences are not typical of the organization as a whole."

"We believe that the reason The John Birch Society has attracted so many members is that it simply appeared to them to be the most effective, indeed the only, organization through which they could join in a national movement to learn the truth about the Communist menace and then take some positive concerted action to prevent its spread."

"Our investigation and study was requested by the society, which had been publicly charged with being a secret, fascist, subversive, un-American, anti-Semitic organization. We have not found any of these accusations to be supported by the evidence."

Those who would attempt to build a case against The John Birch Society usually either misquote from some of the Society's literature or take a quote from context and read into it a different meaning than the complete context would imply. Therefore, to clarify any questions concerning the Society, Chapter 364 is making available to you copies of "The Blue Book", "The Politician" and other Society literature. You are welcome to attend regular chapter meetings and are especially invited to attend an introductory meeting. Campus Chapter Of JBS to Form

Initiation of a UCLA chapter of the John Birch Society is being planned by student Tom Klinck

"Very few people have a realistic concept of the advance of Communism in the United States," Klinck said. "We want to initiate students in concepts and historical prospectives that the John Birch Society bases its program on."

His immediate plans are for an initial meeting with a film, lecturer and discussion to interest students in the chapter. The group will formulate discussion groups on campus as well as hold meetings for members of f campus, Klinck said.

Birch Unit Wins Use of School

The Rossmoor chapter of the John Birch Society Thursday claimed victory over the Los Alamitos School Board in getting authorization to hold a meeting in the Rossmoor school.

The meeting, according to Birch member Walter Gull of 2752 Blume Drive, Los Alamitos, will be at 8 p. m. Wednesday, when Bill Richardson, John Birch Society California coordinator, will speak on "The Communist Conspiracy in California."

Gull claimed that the Los Alamitos School Board had denied the Birch Society rights to hold the meeting in one of its schools.

Orange County Counsel George Holden said Thursday his office was asked to investigate the denial and informed the school board of a 1961 opinion in which his office ruled that the American Civil Liberties Union could use the facilities of the Costa Mesa School District.

A SPOKESMAN for the attorney general's office said the state office was asked to intervene and wrote a letter to the school board supporting Holden's ruling.

Dr. Richard Leno, superintendent of the district, explained that it was more of a mix-up than an "outright denial." He said the request to use the Rossmoor School came before the board as a matter of routine and needed a motion from one of the board members for approval.

"No one made a motion, so the request was tabled," he said. "It was to be rescheduled for another agenda, but in the meantime the district received an opinion from the county counsel's office and a letter from the attorney general's office."

The board approved the request and then changed its entire molicy regarding use of school facilities.

Judge Calls Three John Birch Officers 'Adult Delinquents'

Three John Birch Society leaders got a verbal birching for barking in a civil rights meeting Thursday as a Torrance judge sentenced them for breaking up a public forum in the city's high school auditorium.

Judge William B. Keene, in South Bay Municipal Court, branded the trio's behavior "adult delinquency" and said such conduct "violates every basic precept of freedom of speech."

THE THREE, James Rea, of 4120 Silverleaf Drive, Rolling Hills Estates; Robert Cadle, 21605 Ocean Ave., Torrance, and Jacob M. Sacks, of 26524 Basswood Ave., Palos Verdes Estates, all had entered guilty pleas to charges of disturbing the peace.

Judge Keene fined them each \$225, gave them suspended 10-day jail sentences and placed them on probation for two years.

Torrance City Prosecutor Charles F. Catterlin, who filed the disturbance charges, was chairman of the Aug. 17 meeting. As a claque of hecklers, including the three Birch Society leaders, halted the meeting with a chorus of boos, yells, clapping and footstamping, Catterlin, declared the gathering adjourned.

THE MEETING, sponsored by the Centinela Bay Human Relations Committee to discuss race problems of an all-white Torrance housing tract, was also declared illegal by police, but continued for another stormy two hours after Catterlin quit the chair.

The heckling included demands to know if Communists were connected with the sponsoring committee.

The trio was blasted by the judge for "taking what they thought to be the law (Indicate page, name of newspaper, city and state.)

The Society's Talbert Backs Barry

Republicans who may back Richard Nixon's renewed presidential race "are wasting their time" but those who back Barry Goldwater aren't, Paul "Tex" Talbert, Beverly Hills insufance executive and member of the National Board of the John Birch Society predicted in a Beverly Hills Times interview Wednesday.

Talbert seems to think Goldwater has the best chance for the GOP nomination. He terms the movement behind Goldwater "historic,"

"This is the first time in history, in my knowledge, that there has been a sound grass root movement for the presidency of the United States. I am convinced that this is an honest movement. Because he has gone so far ahead, everyone is opposing him and is trying to kill him off."

Barry is at a disadvantage vis-a-vis Rocky's money "with literally hundreds of public relations people on his payfoll," the successful businessman said. "He can cause almost anything to happen in the press. Yet reports on his campaign tell of poor recop-

tion. On the other hand, any meetings that Mr. Goldwater attends, the house is packed and when he's not in attendance, the roof nearly falls when his name is mentioned."

"ROCKEFELLER'S mention gets very little, or no applause." His "philosophy is too close to Kennedy's and ne doesn't offer any change." Talbert quotes Walter Reuther's remark that Barry's nomination "would give a clear choice between Rockefeller and Kennedy."

Some think Rockefeller doesn't have a chance. In the event of his withdrawal "at some later date" Nixon would get "his only chance if he is available and standing in the wings, as it were."

Talbert does not "favor Mr. Nixon, a two-time loser" in the race for the presidency and the California governorship. He admits Nixon has "glamor" and some even think of him as a "compromise." Would Rockefeller and Goldwater lock up the convention? He doesn't seem to think Rockefeller "is running close enough to lock up the convention."

IDENTIFIED with Republican finances and active in GOP circles for 35 years, Talbert was

While attending the 1960 convention Talbert was with the group that arranged for the nomination of Senator Barry Goldwater in order to give him a platform in 1964. "We knew he would withdraw immediately in favor, of Mr. Nixon, as ne did."

His opinion of former President Eisenhower? Although Talbert worked for Ike's election he says: "I don't like his policies. I think he followed the same path toward socialism that Mr. Truman and Roosevelt pushed for and carried out in their terms."

"I AM AN ARCH-REPUBLI-CAN," he says. He disapproves of the administration's Vietnamese policy: "We had something to do with the overthrow of the Diem regime. . . I am all for Mme Nhu," he smiles amiably. Yet "nothing stands out as the blunder of the Bay of Pigs. We will never live that down."

"The audacity of this man, I mean, John Kennedy, to suggest the overthrow of Castro." Tlabert adds, not without a smile.

MARTIN LUTHER KING...AT COMMUNIST TRAINING SCHOOL

The above picture was made by an employee of the State of Georgia, at the Highlander Folk School in Monteagle, Tennessee during the Labor Day week-end of 1957. The photographer was sent to the Highlander Folk School by the Georgia Commission on Education. The Highlander Folk School was abolished by an act of the Legislature of the State of Tennessee at a later date because it was charged with being a subversive organization.

Those numbered in the picture are:

- 1. Martin Luther King, Jr., of the Montgomery boycott and the Birmingham riots. Karl Prussion, a counterspy for the FBI for twenty-two years, charges that Martin Luther King belongs to sixty Communist-front organizations more than any Communist in the United States. He is promoted and encouraged by the Kennedys.
- 2. Abner W. Berry of the Central Committee of the Communist Party.
- 3. Aubrey Williams, President of the Southern Conference Education Fund, Inc., The Transmission Belt in the South for the Communist Party.
- 4. Myles Horton, Director of Highlander Folk School for Communist Training, Monteagle, Tennessee.

These "Four Horsemen" of racial agitation have brought tension, disturbance, strife and violence in their advancement of the Communist doctrine of "racial nationalism."

YOU ALREADY KNOW YOUR ENEMIES . . .

. BUT DO YOU KNOW YOUR FRIENDS?

With the forces of tyranny and darkness slowly enveloping freedom overseas, and

With the communist-liberal conspiracy within our own borders making steady progress in spite of the best that we, as scattered individuals and groups can do,

Real Americans must take an inventory of their own strengths and weaknesses.

Over the past quarter century, springing up from the fertile soil of a freedom-loving American people, more than one thousand scattered grass-roots organizations have risen in outspoken protest to the internationalist and left-wing-trends in American leadership. For this reason these groups are called "Rightist."

They are important because they represent ten million militant but disunited idealists who are determined to combat and destroy the subversive twins, Marxist liberalism and internationalism.

For many years a need has been felt for a compilation of these pro-American groups. At last this has been done with the publication of the First National DIRECTORY-of-"Rightist" Groups.

From "A" to "Z," they are here. They range in size from a few members to many thousands and in goals from Social Credit to philosophical anarchy.

As data, for a study of the dynamic "Rightist" movement, the DIRECTORY is invaluable. As a reference book, or ready-made mailing list, there is nothing like it.

And the low price makes it a book you should own.

A Petition To

THE CONGRESS OF THE UNITED STATES

To Impeach Earl Warren

The undersigned citizens of the United States, acting in accordance with rights specifically guaranteed by the Constitution of the United States, respectfully petition that Chief Justice Earl Warren of the United States Supreme Court be impeached by the House of Representatives, and then tried by the Senate. We believe the Chief Justice has, by his conduct on the bench, been engaged in tearing down the Constitution which it is his sworn and official duty to uphold.

In Support Of These Petitions

We respectfully request the attention of Members of the House of Representatives to the following facts.

- 1. Chief Justice Warren had had no judicial experience when appointed to his present position. Many of his decisions have shown abysmal ignorance of, and utter contempt for, the most fundamental principles of law.
- 2. In cases involving Communist purposes and personnel Warren has voted as desired by the Communists more than ninety per cent of the time.
- 3. Among the immediate effects of some of the Warren Court decisions have been: To free known Communists, who had been properly convicted of some crime, from sentences already imposed; to force both local and federal government agencies to re-employ, frequently with huge sums in back pay, employees who had been dropped for supporting Communist purposes; to deprive the separate states of all power to protect themselves against Communist subversion.
- 4. Chief Justice Warren has taken the lead in both the decisions and the attitude of the Supreme Court, aimed at doing away with those safeguards of law which would maintain this nation as a constitutional republic, and at converting it into a democracy—in which all individual rights, minority rights, and property rights would be completely subject to the whims and views of demagogues temporarily in power.
- 5. Chief Justice Warren has been accused by his fellow Justices of the Supreme Court, in various dissenting opinions, of many different usurpations of power; and of invasions of the Constitutionally guaranteed rights of private citizens, of states, and of Congress. These violations of the Constitution by a Supreme Court Justice are certainly impeachable offenses.
- 6. Chief Justice Warren has concurred in the decisions, such as the one on June 17, 1963, which have overruled state laws regarding prayer and the reading of the Bible in the public schools. This is in violent abuse of the First Amendment to the Constitution, in direct violation of the Tenth Amendment, and visibly furthers Communist purposes.
- 7. Many of the Warren Court decisions, which he has written or in-which he has concurred, have given aid and comfort to our Communist enemies. This is unmistakably proved by the actions of the Communists themselves. After the infamous "Red Monday" decisions, on June 17, 1957, a leading Communist on the West Coast exulted: "This is the greatest victory the Communist Party ever had." And in September, 1957, the Communists held a rally in New York "To pay honor to the U. S. Supreme Court and its recent decisions," and to "Hit out at attempts to undo the decisions."

Considering the incredible distortions of law, precedent, and justice required to make such decisions, and the gaping holes which those decisions have punched in the Constitution of the United States, it is entirely proper for the Congress of the United States to make formal inquiry as to whether the Chief Justice should be removed from his position. It may be advisable for the power to perpetrate such dangerous mischief to be taken out of his hands—and for a warning thus to be issued to other Supreme Court Justices of the present and the future.

These petitions will be mailed, postage prepaid at 20 for \$1.00 100 for \$3.00 1000 for \$20.00

SUPPORT YOUR

LOCAL POLICE

They need it. The Communists know, as the American people do not, that the city and community police forces now constitute one of the most important remaining obstacles to the gradual, insidious, and at first invisible, establishment of the mechanics of their Communist police state. The local working police are the best friends everywhere, of anti-Communists like ourselves, because they constantly run up against all of the dirty tactics of the Communists, and of the dupes and allies of the Communists, in their respective areas.

For this reason there has been a subtle, but now increasingly bolder and more extensive effort, to harass and discredit local police forces and their individual members, going on in the country for more than a decade. Just one illustration was the CBS television show, The Biography Of A Bookie Joint, which was designed to make all working "cops" look like grafting bums; and which has been proved by a thorough later investigation to have been basically as phony as was the "interview" with your Founder in Santa Barbara two years ago, that CBS broadcast all over the country. (We revealed the true facts about this incredibly dirty and deliberate distortion in an earlier bulletin, and reprinted those paragraphs in a thin leaflet as The Story Of A Hoax.) And we could fill this bulletin with other illustrations.

This support of their local police by all good citizens everywhere is going to become especially important now that Communist-inspired racial riots are getting to be a regular part of the American scene. The police will be "crucified" by the Liberals, in the press and over the airwaves, for practically everything they do in the line of duty. And this will be true no matter how circumspectly they handle themselves, nor with what careful restraint they use their authority, in connection with every large or small outbreak of civil disorder which the Communist plotters can produce.

Nor will the Communists nor even their Liberal dupes leave to chance the supply of grist for their mills of distortion. The police chief of Birmingham was doing a superb job of maintaining law and order in the midst of a hot situation, while letting thousand of Negroes march and hundreds of white people protest all they wished. He merely set up a line of police, protected by their police dogs, to keep the two groups apart. And peace was maintained day after day, while the level heads of the city, both white and colored, got together and tried to solve the problems underlying the turmoil. But this was the last thing that the instigators of the trouble wanted; and when incidents didn't arise, incidents had to be created. So a carefully planned tableau was enacted. While cameras were poised and ready to catch the show at the right instant, one or more hotheads or dupes among the Negroes went up to the line and deliberately kicked one or more of the dogs. The result was a

picture, plastered in the papers all over the United States (and on the front page of the <u>Boston Herald</u>, of course), of a policeman barely holding onto a dog which was straining at the leash to attack a Negro among the Birmingham "civil rights" advocates in Birmingham.

There were no other results of the incident except the picture, which was the glorious piece of propaganda that the Communists wanted. But it shows you what the police will be up against everywhere in simply trying, as calmly as possible under the circumstances, to maintain law and order. The Federal Marshals, for another illustration, not only were not needed in Oxford, Mississippi for that purpose, but actually created most of the rioting -- as they obviously were intended to do.

But of course the more the local police, anywhere or everywhere, can be discredited, the more willing the gullible American people will be to accept the entry of Federal troops as necessary to put down rioting.

Among the more carefully plotted schemes for harassing the police, discrediting individual policemen, and discouraging all those who might want to do their duty, has been the setting up of Police Review Boards y -- to which many gullible dogooders and bleeding hearts have been giving support. Their chief function, in practice anyway if not in theory, is to make every individual police officer scared to death, as to every action he takes even in dealing with vicious criminals in emergency situations, of being called before some board weeks or months later, and condemned with loss of pay or maybe loss of job, for having been too unkind to the poor wayward unfortunates who were about to shoot him in the back, or stamp in his face, when he tried to interfere with their waywardness.

We shall return to this whole theme in later bulletins. At present we suggest simply that you

- (a) Oppose the continuance or establishment of Police Review Boards.
- (b) When you come across questionable criticism of your local police by some Liberal editor or nice-Nellie commentator, find out the real facts if you can. Usually the fellow officers of those being criticized will give you the unvarnished truth. Then if you find the criticism to have been unjustified, write and put the record straight.

"A large picket of the John Birch Society was outside and many policemen had to keep order.

"Rev. BROOKINS read a letter from the Board of Education which stated that they had agreed to permit the use of the auditorium to 'promote free speech'.

"Mr. HOFFMAN of KPFK said it was not a Negro Revolution but rather peaceful movement on the part of the Negro people. He said too many people would think it a violent movement if the word revolution were widely used.

"HERBERT APTHEKER attacked the 'ultra right' as a true Marxist and communist and got booed from the balcony from some of the members of the John Birch Society. There were many of them in the attendance but inasmuch as they were greatly outnumbered inside no great issue came about.

"Admission was \$1.50 per person and students (there seemed to be many of them taking notes) paid \$1.00.

"This writer was surprised to note that the Board of Education granted permission to hold such a meeting on school grounds as this gave many good people the impression that it was sanctioned

"by our city and Board of Education as a good and healthy educational program for them to come to."

"On the evening of Thursday, October 24, 1963,
a meeting was held at the home of

of the Communist Party (CP) of Southern California. Present at
the meeting were the following members of the District Board:
"DOROTHY HEALEY, who acted as chairman of the
meeting.
who made the main report of the evening
dealing with the future election situations,

comments with regard to KPFK, pointing out that on November 5,

should be widely publicized. She also indicated that she has been
having lengthy discussions with the Director of KPFK,
with regard to the possibility of using BEN DOBBS ad
as substitute sources of material for the radio program which
she has been conducting which she finds very taxing. For some time,
she indicated, had been anxious for her to modify her
position and speak less regularly. Now, however, he indicates
that she has been the most dependable commentator on their radio
station and that they would be very unhappy to see her reduce
the number of appearances. He also indicated to her, she said,
that her programs are very popular with the KPFK audience. (At
no time has DOROTHY HEALEY or BEN DOBBS ever mentioned that

"Many leftists, particularly people in the Monthly Review and the National Guardian, seem to take the attitude with regard to GOLDWATER's candidacy that it would be a good thing for the country in coalescing right and left forces. They take the position, in other words, that the worst developments will produce better developments. This historically has proven enough to be the case, however, because there is no guarantee that the public will rise up in response to an ultra right movement and defend itself

LA 100-1763 "adequately. It is very possible, according to NIXON will become the common denominator on which the Republican convention will be able to settle as the result of the struggle between GOLDWATER and ROCKEFELLER. They may at that time settle on GOLDWATER as the vice-presidential candidate, according to There are some aspects of ROCKEFELLER's campaign, which SPARKS. SPARKS finds enigmatic he said. "In view of the fact that New Hampshire is a stronghold of McCARTHYITE sentiment and has a very conservative senator, SPARKS found it difficult to understand why ROCKEFELLER is campaigning so hard in the state of New Hampshire. Apparently ROCKEFELLER's role is one of trying to soften the effect of GOLDWATER's campaign. We must realize, said GOLDWATER looses the nomination he may serve his main function which is to crystalize the conservative opinion in the United States. "The recent statements attributed to GUS HALL with regard to stopping ROCKEFELLER, is a very unfortunate thing to appear in print and will tend to disorient Party members, said SPARKS. It is his opinion that the National Committee should issue a correction recalling this position and emphasizing the importance of struggling against the ultra-right instead at an early opportunity. "Turning his attention to the California elections, pointed out that the big campaign will be for the senator's spoit in view of the fact that |will apparently be unable to retain his seat in the Senate. The main candidates being boomed at the present time in the Democratic Party are although there is some possibility that will appoint a friend of his from San Francisco who is politically less well known. It is ____opinion that the best candidate being mentioned at the present time from the point of view of the left is because he is the former head of the CDC. On the other hand, the CDC seems to be engaging itself

mainly in a struggle aginst UNRUH rather than dealing with the pressing political questions of the day. In this connection, apparently the CDC has embarked upon a course of an initiative for purity in politics a referendum to be held at a forthcoming

"election. feels that this referendum is very unimportant since other states which have had purity in politics proposals accepted have found that the politicians have easy ways of getting around these laws when they are passed. UNRUH, on the other hand, represents the main interests of monopoly in California in the part of the Democratic Party. This same monopoly force in one way or another is the group which rules Congress through the structure of the committees the seniority program. The monopolies also function not only through controlling the structure of the legislatures, but also through controlling the structure of the lobbying groups and we should recognize that this is a vast and important strucuture which has great effect on legislation. "The only way UNRUH can be fought, according to is in terms of building a mass movement, such as the CDC and not in terms of any appeal to purity in politics laws. L that relations are improving between the CDC and the labor movement largely as the result of labor's dissolusionment with UNRUH's performance in the last session of the State Legislature. "Turning his attention to specific campaigns, | pointed out that an interesting movement is developing in the 23rd Congressional District in which the Party is apparently playing (This part is being played largely through the agency of and other members of the Eastside Section of the CP). The main role that is being played here is in developing a campaign who is a liberal active in the around the candidacy of CDC and interested in obtaining the nomination for the 23rd Congressional District. However, ______ it was pointed out has little status and is not too well known in the community, while on the other hand the incumbent, is very active and a very competent politician so that even though the 23rd Congressional District is a predominantly Democratic district, there is a good possibility that he will be re-elected. "The election of ROYBAL and GEORGE BROWN to Congress in the last session has produced some troublesome developments pointed out, in that GEORGE BROWN has been very active in cementing his relations in the Mexican community while ED ROYBAL has

"been doing a lot of floundering and has not appeared in the eyes of the community as an important spokesman for the Mexican minority. In the 23rd Congressional District, and a number of other unionists are participating in the conference which was originally held to elect to the Assembly and is now working for
commented that one of the most important campaigns in this community from the point of view of Mexican candidates is the campaign for District Attorney. Apparently, has been seeking Mexican support, although Judge YOUNGER

out that the MAPA organization now has an office of its own and is
starting to function in a more organized manner. He pointed out
that GOVERNOR BROWN has agreed to speak at their forthcoming convention and that JIMMY HOFFA will probably also be a speaker at this convention, underscoring the rising importance of MAPA
as a political organization.
"Since it was decided that the next meeting of the
District Board would have to be held on Thursday, November 7,

fully it was suggested that his talk which was originally intended
to be exclusively on questions of organization of the Party
should also deal with questions of a more political nature. (It
was later learned by this reporter that GUS HALL is here on the
West Coast primarily in conjunction with some emergency problem
which exists in the Washington-Oregon area, and was asked recently
at a meeting in San Francisco by DOROTHY HEALEY to come by this
way on his way back East).
"It was also decided that the next large meeting
to be sponsored by the Education Commission will be held on
December 10, 1963, at which time will be asked to
speak on the impact of the Negro revolt on the forthcoming 1964
political scene. This meeting, like the meeting which was to be
held on November 13, 1963, is mainly designed to supply educational
materials to members of Party clubs.

indicated that the main purpose of
Discussion Unlimited as far as he and the other communists in the organization are concerned, is to promote a forum type operation in which Marxists and Communist Party leaders will have an opportunity to discuss important questions of the day on a platform with people of other opinions. It is the opinion of and of and also of such other Party members in the leadership of Discussions Unlimited as and that by developing such forums the legal character of the Party can be restored.

"There has been much discussion in the ranks of Discussion Unlimited about whether the organization should be a member group, but it was generally felt at the Education Commission meeting that this would be a mistake, since many of the individuals participating in Discussion Unlimited do so because they feel that this is a safe organization for them to participate in which

"cannot come under attack from the Attornev General's office since it has no formal membership. pointed out that this is also a big advantage in the discussion groups organized around radio station KPFK-FM. Apparently both of the organizations operate in a highly informal manner and give the CP plenty of opportunity to circulate freely in wider circles then they would otherwise be able to associate with, without at the same time jeopardizing anybody by suggesting that he belongs to a front organization of any kind.

DEC. 333

October 7,1963.

I called on the TRANS-HARBOR TRANSPORTATION CO. at 1133 Santa
Fe Ave., Long Beach. I was there as I had been in the past to check
on the possibility of selling them a radio system. I have been there
several times before but had never talked to the
All my dealings up to that time had been with his office manager and
dispatcher, had shown a great interest in my being a police
officer and had always wanted to talk about guns. On this occasion
1 0-7-63, I was told to wait around as wanted to talk to me. I
did so and was escorted into office like a long lost son. I
sat down and started to talk about radio. He interrupted and started
a long indoctrination about how our country had been taken over by
certain powers and how his friends and his organization were out to
take the country back. I listened politely as I still hoped we would
get around to talking about radio. He did mention briefly that he
could not afford to buy radio at present as he had been forced to
the point of bankruptcy by the "Feds" for his political beliefs. At
this time I was ready to leave but he insisted I come back and learn
more of his views. I promised that I would and walked to the front
office where I was immediatly buttonholed by He promised to
pay me the current price on any handguns I could obtain. I asked
him why he didn't buy them at legitimate stores and he stated "we
don't want any records of our purchases." I asked how many he wanted .
and he stated, " all we can get and all the ammo to go with them". I
told him I would see what I could do and left.
Oct. 11,1963.
While at Advanced Electronics I received a call from He stated
that he and had a radio customer for me. I asked who it was but
he told me that I must come to the office to find out. At about 11:00

AM I went to the office and was told to wait a few moments and would talk to me. On being admitted to | office I was told that to the man who wanted to buy radio was a salesman for a large furniture company in L.A. I was then told that he also was a good "Bircher". This was the first time that | had used the term in reference to himself our anyone else. There then followed another thirty minutes of indoctrination in the beliefs held by his group. He went into the details of how this country was taken over in 1913. How the American people have been led to believe that Communism is an actual threat when in reality there is no Communist Party, Russian army or even anyone named Lenin. He went to great lengths to explain how the ex-governor of Calif. Earl Warren was a figurehead placed in the Supreme Court as an agent of the Feds who were duping all of us poor stupid citizens. He ended up telling me that if I had been called at work and told that my wife and child had died, my house had burned down, my family all wiped out and that I was fired from my job, all this would be nothing to what the "Birchers" could reveal to me about the condition of this country. While I noted great piles of literature on a table in his office I noted that he never offered any to me for later study. He stated that copies of all of it had been mailed to officials of the Long 📆 Beach city government, (including) and that he had had a fovorable response. On leaving he made me promise to come back for a more information. The night of Oct 11,1963: I called but was informed that he was at his chapter meeting but that he would call me back the next night as my call was expected. Oct 12,1963 8:00 PM I received the promised call from He launched into

a long lengthy explanation of what he wanted to do with radio. Much to my dissapointment he was not interested in commercial gear but wanted Citizens Band gear for the following purpose. He and the members of the "Chapter" would use them in their automobiles in case they were being, (and this is his term) spied on. They were also planning to set up a clandestine radio broadcast station of sufficent power to reach most of the Citizen Band radios in the Los Angeles, Orange County area. They would then broadcast propaganda to the peopple who might be listening. I came into the picture when they started looking for low price equipment.

He made apoint of telling me how glad he was that still another policeman was interested in joining them. He then stated that 75% of the motor officers on the L.A.P.D. were full fledged members of the John Birch Society. He then asked me to attend a meeting to be held Oct. 28,1963. at the home of an L.A. officer. This officer lives in the 2300 block on Nipoma. He told me he would arrange for me to be picked up and that he would contact me later.

DOBBS said the group was composed of communists and their friends. The Forum has different speakers for their meetings and the next meeting will be on December 10, 1963, at the Hungarian Workers Home. The topic of the evening for that meeting will be 'Impact of the Negro Struggle on the 1964 elections.' "About 35 or 40 persons were in attendance at the meeting. Those recognized were: "GUS HALL BEN DOBBS SOL MONROY ED MARTINEZ KATIE MARTINEZ RALPH HALL ROSE CHERNIN HELEN WEINGAST PETTIS PERRY DOROTHY HEALEY GEORGE , white male, about 50, 5'10", 185 pounds, round face, medium brown hair, medium build. ANITA , woman in rear (not seen) "BEN DOBBS said that GUS HALL was in town and we were fortunate to have him as the speaker. "HALL started his remarks with a quotation from LENIN about miracles. He then enumerated some modern day miracles. He pointed out how 90 miles from the shores of the United States there is the island of Cuba. This island, next to a large imperialist country, is building socialism. He then described a church as 'This church', with its history of fighting communism and dealings in world policy, is issuing a call for peace and support of the Negro struggle. He then described the recent wheat deal as another miracle - the breaking up of a pillar. HALL said that bankers, manufacturers and farmers all have a new outlook as the result of the wheat deal. - 2 -

"HALL said that all that has been accomplished are struggles and victories for the new forces, and defeat for the old forces. It is victory for the policy of peaceful co-existence and a victory for people in the new epoch. HALL emphasized that we have to weigh and understand all miracles and past struggles. He again quoted LENIN to the effect that we must define with the greatest objective precision.

"HALL continued that there are three sectors of a revolutionary movement taking place. The dominant one is the socialist world; second is the anti-imperialist struggle; and last, the working class element in imperialist countries is moving. HALL described the elements in the domestic picture to three main rivers. The first, the civil rights revolution, is the most turbulent and has overflowed its bank. Within this area are the Mexican-American struggle and the Puerto Rican struggles in New York which are watered and filtered by the main river. The second river is the rising tide of the crisis of automation. He said some industry or union must find a solution to the growing tide of unemployment. The resistance of big business to this rising tide will overflow the dam. He said the third river is the desire and struggle for peace. This river has temporarily receded because of the test ban agreement, but will come up again.

"HALL said that all these rivers merge and all influence each other. They all come together in an economic and political area. Referring back to his LENIN quotation pertaining to defining with objective precision, HALL said it is up to us to guide the storm and think up policies and tactics for ourselves.

"He said that there are several central questions that we have to ask ourselves: How are we doing? - not in general but in relation to five or ten years ago. How have we responded, and what are our contributions. The party is attempting to take a deeper look at all of these questions. HALL said we have come a long way in the last two or three years and have made a contribution to the policy of the revolutionary movement. Life has given us an ultimatum. We must get with it or life will pass us by. We don't have all the answers so must probe deeper. The purpose of such an examination is to make us stronger.

"HALL then pointed out some specific weaknesses of the party: Slowness in reacting to things that are moving fast; lack of concretness in matters of tactics in organization; difficulty in striking a proper balance - no mature blending of tactics and policy. We have not manned the oars of the party.

"Concerning the ultra right and the John Birch Society, HALL said that people make the mistake of comparing President KENNEDY with the ultra right. The interest of the working class and the people's interest are at opposite ends of ultra right. He noted that President KENNEDY had at first been opposed to the march on Washington in August, 1963, but changed his mind and later welcomed the affair. HALL emphasized that we have to utilize the weaknesses of the opponent.

"HALL referred back to miracles and stated that in America with its Birmingham, the fact that there could have been a revolution concerning civil rights is a miracle; the fact that this aggressive power, referring to the United States, has to sign a test ban agreement is a miracle; the fact that the political climate has changed where communists are allowed to speak in universities is also a miracle.

"HALL spoke about the cold war and said the underpinnings were beginning to break up. He said there are two pillars, one - moves to stop colonization and two - moves to stop the socialist movement. The imperialist nations have not been able to stop this.

"He asked the question - is there a need for a CP?
He said that he, himself, would answer 'yes'. There is a historic need for the party. The party is vitally needed now for the role they can play in the civil rights fight. How can we win greater numbers of white people into the struggle and fight for Negro rights. We must find a solution even though it is most difficult. He said one of the reasons for this difficulty is 300 years of chauvinistic brainwashing the white people have had. He said the job can be done with study and a greater understanding in objective precision and working out a program.

LA 100-29162 "HALL asked what was the basic level of commitments of this struggle for civil rights. He said the church and youth are coming out now with commitments on civil rights on a moral and ethical basis. The party needs to restudy this moral commitment. There is a large section of the whites they can win on this. "HALL stated that we must minimize the opposition to the maximum. He said the working class is an ally we must win. We have to look for avenues of political expression. We must work with the working class and people in all the peace movements. "HALL asked how do we fight for the party. For the party to be alive, it must be a party of initiators and leaders, not reactors and supporters. There must be a qualitative change in our reaction to struggle. He asked what initiative do we take to win in our reaction to struggle. He asked what initiative do we take to win in our own shop. Each individual should initiate some form of struggle in his own shop. "He said we have to adjust our governors and regulators upwards. Do not become reckless and disconnected, but we can move faster. We have to fight for the structure and organization of the party. It is not enough to have communist tendencies or thoughts alone. The fight for the organization is what gives it life. "He stated that we are being influenced by bourgeoisie ideology, the capitalist ideology. Bourgeoisie ideology seeps and tranquilizes. U. S. capitalism is very powerful, but capitalist society does not have control over the laws of nature. "We should shake ourselves loose from old habits. California is the biggest state and must have the biggest party. "BEN DOBBS said that there was not time for a regular discussion period but they could have a few questions from the floor. HELEN WEINGAST asked why some of the comrades complained all the time about lack of leadership, yet when we tell them about the meeting tonight, they can't attend because of security reasons.

"HALL agreed that this was a problem. SOL MONROY asked a question about political candidates and failure to agree on one candidate.

"The meeting then adjourned."

because they are losing their good foot into the door of the white House. The SCHLESSINGERS, the SALLINGERS, the are all going to be out now, he said.

"He told the audience that he, SWIFT, is going on a much larger radio station very soon which will blanket the country.

DR. SWIFT said he was quoted in one of the JOHN BIRCH magazines called the Neutralizers — and quoted him out of context. He challenged WHICH to a debate and this will be the subject of another lecture very soon. SWIFT made fun of the Dirchers and said that WEICH has sold out to the Jews.

"SWIFT said that he feels that his tapes are making SWIFT supporters out of loyal Birchers. He said that he, SWIFT, has been castigated by WEICH for thinking and saying that everything evil is Jewish.

"The Diem death was as big to the South Vietnam people as JFK to the American people, he said, but we did nothing to preserve the rulers there. SHIFT said that the people went for the KENNEDY image - but for all we knew he was either under hypnosis or had a lobotomy. Dr. SHIFT feels that men like and other patriots are 15 years ahead of their times but this even of today is part of the steps of the Armageddon where all of these activities are prophesized.

The comment 'The niggers lost their president' was overheard coming from someone in the crowd - and the attitude, generally, of the audience seemed pleased with the happenings.

Report of WESLEY SWIFT meeting on Sunday, Nov. 24, 1963-3:00 PM.

mentioned was not present at this meeting - nor was his name

IA 157-711

The talked about the President's assissination by a Communict who in turn was assessinated by a Jew gangater from Chicago who had moved to Dallas and changed his name. The FMI, he said, had been trying to pin the assassination on the right-wing element. The hadn't the FMI kept a closer surveillance on the government of someone who is known to be against the government as they do of patriots whom they label 'extreme rights.'

"SWIFT ranted and raved about KENNEDY's stand during the Day of Figs invasion of Cuba. He blamed him for loss of lives by our not sending troops and planes to back the invasion.

"He also raved about the bad treatment of Madame NHU at our hands. Her government represented the Christian element and U.S. supported the heather element."

"STIFT also raved over Chief Justice WARREN's speech at the President's bier. He said it was traitorous.

SWIFT said that while some might think it inappropriate to speak of such things on the eye of President KENNEDY's funeral, he felt they should be spoken about since there was danger because of the emotional state of the nation, of so many of the things KENNEDY wanted to see pass go through just because he gav; his lift for them. The anti-Christ forces were using the media of the press, radio and television to hammer home some of these ideas to the public. It was incombent upon people such as those present to prevent their passage.

"He was very critical of the FRI for questioning and holding so many people he knew, when they had no legal right to do so. He did not say he had been questioned but if he was, he would say, 'no comment.'

"He also said the FBI was trying to 'frame' the right wing. For example, he said, they planned to bomb a synagogue and

IA 157-711

"blame it on right-wingers. He also said that they had picked up and questioned immediately after the assassination one WILLIAM RIGNLY' (sp.?).

"SUIFT said he had predicted in 1960 that President KENNEDY would not see his term through (according to stars and Bible prophecy) and this had come to pass.

'In his summation, he urged the audience to make a sacrifice and give more than usual in order that they might expand and get their tapes into every village and hamlet.

"He also made some comment about the decreasing membership in the JOHN BIRCH Society and said that if patriots were locking for comething to join, they should join his ranks.

"He also made some comment that probably some FBI agents were oprinkled in the audience, but he didn't care.

"We have another report of WESLEY SWIFT's November 22nd meeting. He distributed a block of literature, which is attached. from Greenville, South Carolina.

Cur reporter overheard SWIFT telling a young man, 'I can't say I'm sorry, ' (KENNEDY's murder) and the people around him laughed. One of the women said she was so excited when she heard the news that she had to leave work so as not to hear all that sympathy drivel.

"SMIFT said that he couldn't be a hypocrite...this man surrounded himself with Jews and communist sympathizers and was led by them.

There were approximately 250 people attending these meetings."

Gentlemen:

The attached pack of matches (from which I have removed the matches for safety in mailing) was found by my sister in a dental office in which she works. The building is located at 643 South Wilton Place, Los Angeles.

Both my sister and I get a cold, uneasy feeling when we run across items of this nature. It is probably nothing. On the other hand it could be important considering recent happenings.

Yours very	truly		•

SUPPORT YOUR

LOCAL POLICE

They need it. The Communists know, as the American people do not, that the city and community police forces now constitute one of the most important remaining obstacles to the gradual, insidious, and at first invisible, establishment of the mechanics of their Communist police state. The local working police are the best friends everywhere, of anti-Communists like ourselves, because they constantly run up against all of the dirty tactics of the Communists, and of the dupes and allies of the Communists, in their respective areas.

For this reason there has been a subtle, but now increasingly bolder and more extensive effort, to harass and discredit local police forces and their individual members, going on in the country for more than a decade. Just one illustration was the CBS television show, The Biography Of A Bookie Joint, which was designed to make all working "cops" look like grafting bums; and which has been proved by a thorough later investigation to have been basically as phony as was the "interview" with your Founder in Santa Barbara two years ago, that CBS broadcast all over the country. (We revealed the true facts about this incredibly dirty and deliberate distortion in an earlier bulletin, and reprinted those paragraphs in a thin leaflet as The Story Of A Hoax.) And we could fill this bulletin with other illustrations.

This support of their local police by all good citizens everywhere is going to become especially important now that Communist-inspired racial riots are getting to be a regular part of the American scene. The police will be "crucified" by the Liberals, in the press and over the airwaves, for practically everything they do in the line of duty. And this will be true no matter how circumspectly they handle themselves, nor with what careful restraint they use their authority, in connection with every large or small outbreak of civil disorder which the Communist plotters can produce.

Nor will the Communists nor even their Liberal dupes leave to chance the supply of grist for their mills of distortion. The police chief of Birmingham was doing a superb job of maintaining law and order in the midst of a hot situation, while letting thousand of Negroes march and hundreds of white people protest all they wished. He merely set up a line of police, protected by their police dogs, to keep the two groups apart. And peace was maintained day after day, while the level heads of the city, both white and colored, got together and tried to solve the problems underlying the turmoil. But this was the last thing that the instigators of the trouble wanted; and when incidents didn't arise, incidents had to be created. So a carefully planned tableau was enacted. While cameras were poised and ready to catch the show at the right instant, one or more hotheads or dupes among the Negroes went up to the line and deliberately kicked one or more of the dogs. The result was a

picture, plastered in the papers all over the United States (and on the front page of the Boston Herald, of course), of a policeman barely holding onto a dog which was straining at the leash to attack a Negro among the Birmingham "civil rights" advocates in Birmingham.

There were no other results of the incident except the picture, which was the glorious piece of propaganda that the Communists wanted. But it shows you what the police will be up against everywhere in simply trying, as calmly as possible under the circumstances, to maintain law and order. The Federal Marshals, for another illustration, not only were not needed in Oxford, Mississippi for that purpose, but actually created most of the rioting -- as they obviously were intended to do.

But of course the more the local police, anywhere or everywhere, can be discredited, the more willing the gullible American people will be to accept the entry of Federal troops as necessary to put down rioting.

Among the more carefully plotted schemes for harassing the police, discrediting individual policemen, and discouraging all those who might want to do their duty, has been the setting up of Police Review Boards — to which many gullible dogooders and bleeding hearts have been giving support. Their chief function, in practice anyway if not in theory, is to make every individual police officer scared to death, as to every action he takes even in dealing with vicious criminals in emergency situations, of being called before some board weeks or months later, and condemned with loss of pay or maybe loss of job, for having been too unkind to the poor wayward unfortunates who were about to shoot him in the back, or stamp in his face, when he tried to interfere with their waywardness.

We shall return to this whole theme in later bulletins. At present we suggest simply that you

- (a) Oppose the continuance or establishment of Police Review Boards.
- (b) When you come across questionable criticism of your local police by some Liberal editor or nice-Nellie commentator, find out the real facts if you can. Usually the fellow officers of those being criticized will give you the unvarnished truth. Then if you find the criticism to have been unjustified, write and put the record straight.

BILL STOUT

The Twisted Mind Of Professor Oliver

IN HIS OUTPOURING of filth this week, Revilo Oliver did manage to perform one public service: he dispelled whatever doubt might have remained about the complete irrationality of the men who run the John Birch Society.

It is not surprising that Birch chief Robert-Welch should hail the Oliver's articles as "superb commentary." Neither is it startling to read the endorsement of the piece by western Birch boss John Rousselot.

But it is amazing that some few defenders of the society still cling to their insistence that Welch and his magazine, American Opinion, do not necessarily reflect the views of all Birch members.

They have gotten away with that dodge too long. They cannot make it work any longer.

If there are Birch members who joined without realizing the depth of Welch's sick hatred, now is the time for them to resign.

Of course, they have every right to remain in the society, to defend it, to espouse its sordid policies and praise its leaders.

But they can no longer turn aside criticism by shouting about their patriotism or, in the Birch version of the old "when did you stop beating your wife?", by proclaiming their anti-Communism and implying that any critics must perforce be pro-Communist.

In short, they must be willing to stand beside Welch and Oliver and Walker and all the others who make up that ragtag band of heroes on the farthest right. "The berserk right," to borrow the phrase of the only genuine intellectual in the ultra-conservative movement, William F. Buckley, Jr.

Oliver's fantasies, vile as they are, deserve a brief restating, as any horror tale must be retold to give its shock the proper emphasis.

The Illinois professor said, among other things, that John Kennedy was slain because the Communist timetable for conquest of the U. S. was running late. He said the Communist masters struck him down because the late President showed signs of turning American. He said the Cuba missile blockade, which pushed the entire world to the edge of the abyss, was really a sham, a huge hoax cooked up jointly by Mr. Kennedy and Khrushchev to cover the real power play: a secret rush of Soviet missiles and men into Cuba.

There is much more, but the madness is apparent in only a few excerpts from the sixteen pages of American Opinion, the Birch magazine, which were filled by Oliver's prose retchings.

Democratic Congressman Melvin Price of Illinois expressed distaste but said he hoped the University of Illinois would not threaten Oliver's job. University spokesmen have said the same, and so did the editor

of the student newspaper.

But the rest of us have every right to hit Birch apologists with the Oliver article at every opportunity. The supposedly decent people who support the society can now be called to account.

No excuses, no weasel words, just a straightforward answer: Do you buy the Oliver article? Do you accept the Welch-Rousselot endorsements? Do you go down the line with the lunatics or does it seem a good place

Paul Talbert would be a good one to start with. Perhaps he will be ready now to answer a few ques-

tions. Or perhaps just one.

Does he believe the Oliver article and all that goes with it? Or will he dodge the issue once again, huzzahing the society but refusing to discuss its spokesmen? Will he try again to talk in broad platitudes while avoiding discussion of specifics?

The Columns of this newspaper are open now, as they have been in the past, to Talbert or any other responsible spokesman for any point of view. Let's see if he has the courage to accept this offer and talk to the

Whatever he does, whatever the crackpots and jingoists and haters around Welch have to say, the great majority of Americans, the decent people whose stomachs turn when they hear the rantings of an Oliver, can now turn their backs on the Birch Society with not a twinge of concern that they might be rebuffing some who make an honest effort at furthering the cause of Americanism.

The men in charge of the society do no such thing. They have no claim to any part of the American tradition. They should not be muzzled but they certainly should be scorned and labelled for what they are: hateful, twisted men who do their country no good, who do

great harm by preaching filth and venom.

BIRCH USE HIT

Must Rent School Hall, Board Says

The Long Beach school board is obligated to rent Millikan High School auditorium to the John Birch Society, Vice President M. A. Duncan said Monday.

> Commenting on two telegrams critical of the rental, Duncan said so long as the group abides by the law, the board cannot refuse to rent the auditorium when it isn't in use for school purposes.

The society has reserved the auditorium for a speech Wednesday at 8 p.m. by Bryton Barron. His topic: "The State Department — Mistakes or Treason?"

Two telegrams protested.

-A wire signed by Peggy Schwab said: "Strongly protest granting use of Millikan auditorium to John Birch Society which teaches subversion of democratic principles."

-Mr. and Mrs. James D. Armstrong wired: "Wish to protest the rental of ... school auditorium to the John Birch Society because we feel they subvert the democratic form of government."

Neither telegram gave the sender's address.

BARRON IS BILLED by the Birch Society as "a Rhodes scholar and noted lecturer,' who "served in the State Department under seven successive secretaries of state."

In an advertisement, the society claimed Barron will document charges of "gross incompetency and venal disloyalty in our State Department."

Duncan pointed out that the rental application signed by Jerry E. Cratty of 2527 Elm Ave., local representative of the Birch Society, includes a pledge the auditorium won't be used for subversive purposes. He said the Birch Society is meeting all requirements of the school district, and is paying \$180 for use of the hall.

Gentlemen;

I would like the aid and assistance of your organization, to obtain any material on the Communist Movement, here in the United States. My intrest in this matter stems from a definate awareness of the Communist foothold here in our great country. I wanted to send for some of their literature, however I didn't because, I do not wish to be identified in any way with their organization, or to place my name or that of my family ,on their mailing lists.

Recently a small group here in my neighborhood became interested in doing some investigation on the John Birch Society. We held a meeting, and invited a section leader from their organization to speak. It was very interesting, and after reading their literature I feel the need to uphold the fight against Communisum. I cannot speak for the others in attendance, however I personally feel the Birch Society, is to extreme, but their goal of fighting Communisum is very sound.

I obtained and read a copy of J. Edgar Hoover's, "Matters of Deceit", and found it very informative. I wish to study further however, if I am better informed, I might reach a friend, relative, or neighbor, and in my small way help the fight against Communisum.

Iwould especially be interested in knowing what groups are in operation here in my area. Any information or literature you can send me, I would more than appreciate.

Respectfully,

"PHIL KERBY, remarked, 'there is so much fear and hate, in this country between the left wing and the right wing groups, it is a political sickness, in what this country is saying.'

"No left wing extremist in this country says or does anything, but the right wing group, are the source of this political hatred.

"The head of a right wing group accussed Pres. EISENHOWER and MILTON EISENHOWER, and DULLES of being communists.

LA 100-33973 "This man and a group like him distributed hand bills in Dallas, Texas, stating Pres. KENNEDY should be wanted for treason. "This hatred from the extreme Right Wing, is the cause of violence. "It was no worse to kill J.F. KENNEDY, than to kill MEDGAR EVERS and the four children who were bombed. "They lived in an atmosphere of violence. If we contribute hate we contributed to the deaths of malevolence and the right wing contributed to these deaths too. "The state and city police raided the offices of the Southern Conference Educational Fund in New Orleans Oct. 4-63, and took all their files, which were turned over to Sen. EASTMAN, they were then sent to Woodville, Mass. This was instigated by the H.U.A.C. using their power to frustrate the Negro people in this country. "Investigating committees used paid informers. "The JOHN BIRCH Society, were invited to a meeting but stated, they only wanted to attend meetings when they were not expected. "It is none of the Governments business unless laws are violated, what the opinions are of private citizens. "The Government has no right to Political Blackmail. The Hollywood Black list is an example - a smear campaign. "Institutional factors and bureaucratic controlling failure are not political ideology. "Hundreds of people were laid off by Studebaker and the workers had no voice in the matter - perhaps the company was losing money, who knows?'

IA 100-33973

"Another factor is the struggle between U.S.S.R. and the U.S.

"The manipulated influence of military and industrial.

"Re examine the policy towards Cuba, and Red China, and Vietnam, in the interests of the United States.

"Re-examine what this country is doing in these countries.

"Right wing groups are listed as subversive. It is a mistake in allowing the H.U.A.C. to go on.

"The liberal left was controlling this country, when ROOSEVELT was President.

"The U.S. Government has 25,000 professional investigators. Many thousands earn their living investigating other people.

"The F.B.I. supports the communist party. There are more paid informers in the communist party than there are communists.

"They attend meetings and listen to DOROTHY HEALEY and GUS HALL. Then, after a while they think the communist party is right, and before long they are communists.

"Anyone attending these meetings, probably have their pictures, on the police files and hidden cameras.

"Everything is bugged, probably this room is bugged by electronic eaves dropping equipment.

"This is commercial espionage.

"We are in a politically unhealthy state right now.

IA 100-33973

"Foreign problems are big enough without being distorted.

"This country has to make the most relistic judgement, in order to survive, and we have a long way to go.

"The left wing says that LEE OSWALD, who assassinated President KENNEDY, was an F.B.I. informer, and the right wing say that he was a communist.

"I am, a little left wing cog in a biq wheel.

"We have a big problem here on segregation, why don't the parents and the schools teach the children, the basic principles on which this country was founded?"

Sign-waving students gather around John Rousselot, former congressman and a district governor of the John Birch Society, at California State College at Long Beach, where Rousselot appeared today to speak in the college's Little Theater. Among the pickets were members of the State College Committee for Political Responsibility and the Long Beach City College Democratic Club. The students said they were protesting Rousselot's political views, and not his right to appear on the campus.

Dear Friend,

1.50

You have never read anything like this before in your life.

You may never have another chance to strike a blow for peace such as this again.

You can help decide the fate of the world-today!

The Committee For World Unity(CWU) is beginning today a great five point program designed to bring peace and socialistic democracy(the only hope of the future, as you know) to the world, within your lifetime.

But to do this we need your support. You'll notice that this letter is handtyped. It and three other letters are being done by a volunteer, who will mail them to you and to three other local people. He will buy the stamps, he will type the message. That is why there is no letterhead, no fancy office, no expensive staff. All our work is concentrated in getting the program into action.

Now here is the plan. If, when you have read it you agree with the plan, send the postalcard(paid for by the volunteer who read and approved the plan just as you are being asked to do.)

1. The United States, the Soviet Union, Great Britain, France, the Peoples Republic of China all agree to reduce their defense budget 70% next year and 20% more over the next three years. All other countries will reduce their budgets to the same percentages. The money saved will go into social welfare plans, foreign aid, education and research on the worlds problems, as directed by the various organs of the United Nations.

A special Peace Force of 100,000 men composed of troops from Ireland, Finland, Ghana, Indonesia, Canada, Columbia, Peru, Ethiopia, Maylaya, Syria and New Zealand will be set up to enforce the rules of the United Nations. All nations will submit their disputes to the International Court of Justice for settlement.

- 2. A concentrated effort will be made to see that the Universal Convention of Human rights will be enforced and observed in all of the nations of the world.
- 3. All atomic bombs, will under UN auspices be destroyed and all future building of bombers, submarines, guided missles and tools of war of an offensive nature will be banned.
- 4. A concentrated effort, costing \$200,000,000,000 over a period of five years will endeavor to solve the food, health and educational needs of the world, under the auspices of the United Nations.
- 5. Since the United Nations will be the new World Legislature, all nations of the world will be admitted, subject to UN control.

Now that you have read the plan, don't you think that it is a wonderful one? I'm sure you do, and I'm sure that you feel as I do that it is really the best possible solution to the worlds problems today.

Remember we mentioned the "chain-letter" idea?

Since I know you are in favor of the idea here is how you can aid in its eventual success and triumph.

- 1. Type three copies of this letter (be exact, but do not worry if the type size, paper or exact spacing of words is exactly like this. If you see a typographical error in your letter and you can correct it do so. You'll help the message all the more.
- 2. Address the letters and place them in a business size envelope. Once again color does not matter. Send them by either air or surface post and be sure to enclose the postalcard such as you received with the same message on it.

 3 Thus you wilk be able to work for peace, and will ably represent the Cosmopolitan cause.

Thank-you

Gentlemen:

We have recently joined the John Birch Society and would like to know if your office can furnish a statement as to the purposes of the Society and what standing it may have im connection with the National Security of the United States, or any effects it may have on the National Security.

We have heard much discussion about the Society in the press and by our acquaintances. Most of this has been negative. Also we have read Mr. W. Cleon Skousen's pamphlet entitled, "The Communist Attack on the John Birch Society." In consideration of his previous FBI employment, we have considered this a very factual account. But just to make a final check for our own satisfaction, we would like to have a statement from your office.

Any information you may be able to furnish will be highly appreciated. Also if you could reccommend to or not to belong to this organisation.

Sincerely,

Gentlemen:

Not having been able to get in touch with your office by 'phone, I am sending you several of the slips of paper I picked up on the street in my neighborhood about two weeks ago. It does seem to me to be the sort of propaganda material that should be reported to you. I picked up a good many hundred in a half-block. I burned the rest so that they should not be spread about.

I found the first one in the doorway of the Eagles Lodge at 455 East Woodbury Road, Altadena, and then found them thickly scattered along the next half-block along which I walk to work. Some were turned inside out and tucked into window frames, others in doorways, and most of them were blowing about, since it was the morning that we had that heavy wind. As I said, I picked up all I could find. As far as I know, there have been no others in evidence since then.

This may be of little interest to you, but in case it should be, I thought it should be reported. The red hammer and sickle alone is enough to make me wonder.

Most sincerely yours,

"March 5, 1964 Los Angeles, Calif.

"On Saturday morning, February 29, 1964, a meeting was held at the Hungarian-American Cultural Center on 1251 So. St. Andrews Place in Los Angeles. This was a meeting of the District Committee of the Communist Party (CP) of Southern California. The chairman of the meeting was DOROTHY HEALEY who heads the CP in this area. Also in attendance at the meeting were:

"NEMMY SPARKS, the Political Director of the CP, who made the main report.

"Also, the following members of the District Committee:

"FLORENCE HALL FRANK BEYEA CHARLENE ALEXANDER FANNIE GOLOS

"SARAH DORNER
ROSE CHERNIN
BEN DOBBS
SOL MONROY
PIERRE MANDEL
RALPH HALL
LEE MAJOR and a grey-haired white man from San Diego.
ADELE CANNON
CAL GOODMAN
ANITA ROSTODHA
BILL ISBELL
GEORGE WILLETT

"Prior to the beginning of the meeting, CAL GOODMAN discussed with FRANK BEYEA the problem of Educational work in the Valley Section of the Party. They had previously discussed the possibility of IRVING, who is a chemical engineer, taking on the job of Educational work. However, it now develops, according to FRANK, that he is taking several education courses aimed at getting him a credential so that he can teach in the junior college system. As a result, he does not have the time to do Party Educational work, according to FRANK. CAL GOODMAN suggested the possibility that MAGGIE CARL might do the job, noting that she had done Educational work previously in the Party. He learned that MAGGIE's husband died last summer and that there is some possibility that she has the time to do this work now. FRANK said he would discuss it with her. She is actively engaged these days, he said, in peace work and in work for the 'People's World.'

"When the meeting began, NEMMY SPARKS made a report based largely on the results of the recent convention of the CDC. He pointed out that this convention marks a very important change which has taken place in the attitude of the regular Democratic organization towards the CDC which had previously been one of undisguised hostility.

"NEMMY SPARKS opened his remarks by commenting that Mr. JOE MARTIN, the Republican National Committeeman,

"had made an unprecedented statement in resigning from his office to campaign for ROCKEFELLER. He pointed out that his resignation was not just an endorsement of a candidate, but was also aimed at his fear that the John Birch Society is beginning to take over the Republican Party and that his act was impelled by the recent convention of the California Young Republicans. NEMMY SPARKS drew attention to the fact that MARTIN's statement closely paralleled an analysis that was made by GUS HALL several months ago, the reasoning being that the GOLDWATER campaign which is now going on within the Republican Party, is a campaign which embraces those who believe in using force, not only on the domestic fronts, but on the international front to maintain the position of the imperialists. This belief in the use of force to solve problems is in sharp distinction to that branch of the Republican Farty which agrees with the Democrats on the need for and possibility of peaceful co-existence. this connection, NEMMY SPARKS drew attention to the fact that both GOLDWATER and NIXON have already stated that they believe that the California primaries will be the decisive battle ground on which the Republican nominating convention will later develop. NEMMY SPARKS indicated that he will not repeat his analysis of the position of LYNDON JOHNSON's administration which is generally one of peaceful co-existence, because he has previously analyzed this situation, particularly in his talk before the Education Conference in December. Essentially, however, it is important to understand that JOHNSON's position does not believe that force is the overall solution to either domestic or international problems. position which has been now the policy of the country for some years, has generally improved the progressive tone of the country and the opportunity for liberal and left-wing activities is also improved. Where previously at the time of the election of KENNEDY the question was whether the country could elect a Catholic, now the question is whether the country can elect a Southerner. The position that JOHNSON is taking at the present time, sparked by his war on poverty and his emphasis on civil rights, suggests that it is possible, but we should remember that JOHNSON is now only temporarily

"being endorsed on all sides. With respect to the future, however, he cannot expect to have the support of both the Dixiecrats and the Negro people while he takes a strong position on many questions. We must fight within the Democratic Party, said NEMMY SPARKS, for a strong progressive candidate for vice-president rather than a conservative or a regional figure.

"SPARKS indicated that he was much impressed by Senator HUMPHREY's talk before the CDC convention.

"Turning his attention to the CDC, he said that it is important to realize within the Party that the CDC is not a left-wing organization and that it will not act as such. On the other hand he feels that it is not an official part of the Democratic Party either, but functions as an independent liberal or progressive organization of Democratic Party voters, organized mainly around issues and candidates. In this respect, it is important to note, he said, that the 'Monthly Review' and the 'National Guardian' have for some time been holding that such phenomena as the CDC are impossible in America and that the two party system makes impossibly any independent political expression. We take a strong point of disagreement with the views of the 'National Guardian' and the 'Monthly Review' said NEMMY SPARKS and we hold within the Party that it is possible for the left progressives and liberals to utilize the existing two party system effectively be developing proper organizations within those Party structures. There have been many efforts made in the last few years to change the character of the CDC. Two years ago the Rand Corporation attempted to make such a change. Previous to that, and since that time, the basic governing forces of the Democratic Party in California have attempted to either change the character of the Party or the CDC, making it less independent, or to take it over, but these efforts have not succeeded. The outstanding feature of this convention was the way the struggle for the candidates for Senate became a struggle over issues rather than a struggle of personalities. JAMES ROOSEVELT's speech, according to NEMMY SPARKS, had a very important effect on the outcome of these issues. It was clear to all delegates present that

"Senator ENGLE is now out of the running. On the other hand, the Republican candidates, both MURPHY and KAISER, are strong Birch backed candidates whom ENGLES could not beat. Furthermore, NEMMY pointed out, ENGLES' record is not too progressive. Therefore, the struggle at the CDC convention was between CRANSTON and ROOSEVELT. The question of endorsement had to be kept consistent with the question of issues and the need for having an open primary and it was important to remember as the convention as the convention has analyzed that many endorsements at conventions take place which are then reversed in the primaries. The primaries can easily overturn an undemocratic endorsement or one which is based on a misevaluation of the issues. There were three candidates present at the convention, but MOSK did not present his name, although he will run in the primaries. All three candidates, according to NEMMY SPARKS, are eminently acceptable, although each has his weakness. ROOSEVELT has a fine record and took a militant position at the convention. MOSK has his weakness, particularly in terms of his connections with the Party machinery, but he fights hard against the Birch movement in many ways and has been fighting particularly to disarm the private para-military organizations like the Minutemen. CRANSTON takes a good political position and is particularly strong on civil rights, although he takes what SPARKS considers an ameliorating approach to the question of the House Committee on Un-American Activities. An open primary fight between MOSK and CRANSTON would be a very good thing, according to NEMMY SPARKS, because it would leave lots of opportunity to develop the issues. Contrast, said NEMMY SPARKS, the healthy condition of this political fight with the other state's activities which see football coaches being nominated and astronauts being nominated for positions in other parts of the country. The issues must be used to embody candidates, according to SPARKS. The question is one of whom does the candidate represent? Can a coalition be built up around such a candidate?

"Turning his attention to the question of the Congressional Districts, SPARKS dealt first with CLAUSIN's district. In this area, COPE has endorsed a candidate who has a very poor record. It is possible for a progressive

"candidate now running in that area to win in the primaries, and the 22nd Congressional District where CORMAN is the congressman, he was considered an unimportant candidate when he won, but has since proven otherwise having performed an important role in the Civil Rights act struggle in Congress. With BURKHALTER retiring in the 27th Congressional District, the only candidate who has come forward is TOM BAIN. Since TOM BAIN is not an important personality there is some tendency on the part of progressives to pass up his campaign. However, a BIRCHER may well run in this area which was originally HEISTAND's district. In the 29th and 30th Congressional District where GEORGE BROWN and ROYBAL will be running for re-election, tough opposition may be expected. SPARKS called attention to the fact that four congressmen from Los Angeles voted against the Civil Rights Act in the House of Representatives. These were: SMITH, LIPSCOMB, CLAUSSIN and UTT of Orange County. The fight of BUENA against ELLIOTT in the 40th Assembly District and the fight of Reverend YATES against DON ALLEN in the 60th Assembly District were also noted.

"SPARKS then turned his attention to the question of the supervisorial campaign and pointed out that CHASE, DORN and HAHN are up for re-election as County Supervisor and that there had been a suggestion that the Party might run a candidate in this area since it is a non-partisan campaign. A consultative vote was later taken on this question and all present voted in favor of having a Party candidate, except that four of those present abstained from voting, while a fifth person voted against the proposition. No discussion was held on this question so the reasons for the no vote were not made clear, nor were the reasons for the abstention made clear.

"NEMMY SPARKS, in the rest of his report, dealt with the importance of DALSIMER's campaign for District Attorney, noting that Judge DALSIMER is campaigning on a very progressive program.

"He then turned his attention to the question of the role of political parties which originally were formed by JEFFERSON and this country to fight to maintain the gains of the revolution. He pointed out that non-partisan elections often permit Capitalist control and that we should carefully watch the opportunities to work within such political bodies as the CDC and the Democratic County committees.

"SPARKS then returned to the question of DALSIMER and pointed out that the Party has decided to concentrate on DALSIMER's election as a major concentration.

"NEMMY SPARKS then closed his talk with a discussion of the importance of the anti-Rumford initiative. He pointed out that initially the concept of initiatives, like referendum and recall, was a progressive concept. However, this concept, he claimed, was based on a classless approach to the problem of regulating monopoly which grew up in the early days of the populist movement and of the Bull-Moose movement in this The assumption was made that when people are given the opportunity to vote directly on issues that they will vote in their own interests in spite of the influence of mass propaganda, but this is a false assumption since many, many times people have been encouraged to vote against their own interest as they well may in this particular case. The last two major initiatives have been defeated, in 1958 the antilabor initiative and in 1960 the anti-communist initiative were defeated, but the new initiative which is an anti-Negro initiative has been properly called a tragedy by Governor BROWN. This will be a very difficult campaign. Although the Los Angeles Times was opposed to Proposition 24, the anti-Communist initiative in 1960, it has come out in favor of the new initiative and this indicates the position of the Los Angeles Times as being fundamentally on the side of the Capitalists when it comes to the question of property or class interest.

"SPARKS quoted from Attorney General MOSK on the question of segregation, who pointed out that the property rights should not be absolute but must be regulated in the public interest. This is a major campaign against race

"prejudice or as we used to call it in the Party white chauvenism. The struggle, he pointed out, is directly linked to the question of the Civil Rights Act and will confuse many people.

"After he completed his speech, a call was made for speakers and no one came forward. Finally, and reluctantly ANITA ROSTODHA rose and spoke briefly on the question of the campaign for the initiative. She was followed by SOL MONROY who dealth with the 30th Congressional District, pointed out that this is the first time that a Mexican has been a Congressman in this area, but that there is a good deal of splitting now going on within his forces because of the feeling that he has played a relatively insignificant role in Congress. It should not be necessary to apologize for ROYBAL's weak position on the Civil Rights Bill, according to SOL MONROY, but this is the case. Likewise, many of the Mexicans are concerned about the fight against ELLIOTT which BUENO was waging in view of the fact that ELLIOTT has a good record and should not be opposed simply because of the fact that he is not a Mexican.

"ADELE CANNON spoke next on the whold question of candidates with progressive white records. She was followed by ROSE CHERNIN, who asked a question regarding Rev. YATES. The question was answered by CHARLENE ALEXANDER who indicated that he is opposing ALLEN and is supported mainly by those elements in the Democratic Party who supported JERRY PACHT in previous elections. It was thought that the Negro candidate CARMICHAEL might file in this area but he decided at the last minute not to.

"PIERRE MANDEL spoke next and indicated that he strongly disagreed with the position taken by NEMMY SPARKS. He had been at the CDC convention and came away convinced that the political direction of the CDC was incorrect and that they had not moved forward from the last convention at all. Although minority groups are participating in this convention, their impact is not fully represented in the thinking of the convention and the decisions were not elevated beyond

"the level of earlier decisions. It is necessary, according to PIERRE, to have more militancy in order to force victorious candidates like ROYBAL to follow the role which they originally held.

"PIERRE went on to note that although peace forces were present in the convention and had tables set up in the lobby, they were not more active then previously. He did note, however, that the reception given to the PW which was widely distributed at the convention, was a very good reception. He also noted with some approval the emergence of the Committee for Liberal Representation which he considered as an important organization which is having a good influence on the CDC. He then suggested that more effort should be made to influence the state delegations to the National Conventions and to influence the elections to state and county committees of the Democratic Party.

"He was followed by FANNIE GOLOS who took sharp issue with PIERRE, noting that he was wrong on the questions of peace and disarmament and that she violently disagreed with his position on many other aspects of his talk. She pointed out that she agreed with NEMMY that the organization of the CDC is composed of many diverse elements and that no such organization exists in such areas as New York where lines are more sharply divided then where there is very little opportunity to work in a liberal organization which has any real effectiveness.

"FANNIE was followed by BEN DOBBS who indicated that the CDC convention was a very impressive thing and represents a statewide and refresing movement. Everyone recognizes the independent role of the CDC, he said, however, he disagreed with NEMMY SPARKS and felt that the CDC is a part of the Democratic Party and that some of its weakness lies in this fact because a certain blind dedicated loyalty has arised.

"BEN was followed by LEE MAJOR who gave a violent activist talk in which he completely repudiated the whole

"idea of expecting anything from elected candidates at any time and said that the only important role that anybody should be engaged in is the role of fighting for active demonstrations on the civil rights question. (LEE MAJOR represents a point of view apparently which is very active in the San Diego branch of the Party and which has recently resulted in the withdrawal of the Party club from any activity in the CDC Club in San Diego; apparently those individuals who are members of the CP in San Diego have decided that the CDC is not activist enough and not actually engaged in demonstrations for civil rights and wants to engage in such demonstrations. Accordingly, they recently withdrew to the dismay of BEN DOBBS and others connected with the leadership of the Party).

"DOROTHY HEALEY spoke next indicating that we should take pride in the quality of our Party's line. She pointed out that RUSS NIXON of the 'National Guardian' holds that the two Party system cannot be used and that the 'Monthly Review' agrees with this position. Recently, she said, she met RUSS NIXON at a social function and asked him how he explained the CDC and he indicated that this was a special phenomenon which he is very impressed with. The line of the Party is that we must learn to utilize the two-party system through the development of independent organizations like the CDC.

"DOROTHY HEALEY indicated that a mass demonstration will be held in approximately three weeks on the question of peace, jobs and civil rights and that this mass demonstration should possibly be tied to the war against poverty. She feels also that resistance is increasing to the segregation initiative and suggested that the Education Department should go to work and prepare some material which might be used for speakers on this question. It is particularly important, she said, to win white support on the question of the Civil Rights act.

"When the question of the possibility of running a candidate for Supervisor ROSE, the motion was made by PIERRE

"MANDEL to run an independent candidate and was supported by GEORGE WILLETT who pointed out that we need to show our socialist orientation more than we do.

"The meeting was then adjourned."

We will have to make a good effort to be sure that we fulfill our club's \$1700 quota. Section wise, all clubs will also have to find ways and means to be sure that their \$3500 quota is fulfilled. In conjunction with our P.W. drive a forum is being arranged with BEN DOBBS as the speaker. The time and place will be announced at a later date.

"There was a 5 minute recess to give the club members a chance to avail themselves of literature, which, as usual, is displayed by the literary agent at all meetings. The chairman then reminded the club members about the Peace March, which is taking place on March 28th and urged everybody to participate.
"The club then took up the Education, which consisted of a discussion, led on by around the Initiative and the coming elections. emphacized very strongly

"the importance of defeiting the Initiative. He said, the Initiative has strong support from all Ultra-Rights groups, including the Birch Society and the California Real Estate Board. "Meeting attended "This was written Sat. March 21st'64 at Sun. March 22nd'64 Victoria Hall, 2570 W. Pico Blvd., Los Angeles, Calif. 14th Annual Conference to Protect the Constitutional Rights of the Foreign Born.

"ROBERT JOHNSON arrived late as it was just before lunch was placed on the tables. He purchased his tickets for lunch and dinner, registered and received his kit. The kit consisted of and envelope which contained a paper-backed book and some leaflets. The days program was attached to the outside.

"JOHNSON found a place at one of the tables, ate lunch after which FRANK LOPEZ called the meeting to order.

"He announced that:
"MR. HOLLAND ROBERTS a distinguished educator had been scheduled to talk, but he had to leave early to catch a plane.

LA 100-1783 "It was time to break up into workshop groups. The re was some difficulty in that people had signed up as follows: "For Legislative-----42 Defense-----59 Service----18 Not Specified----57 "LOPEZ suggested that the service committee was very important and some of the unspecified would do well to attend the service group. "The meeting then broke up into these three groups. "Legislative --- went into another small room. Defense went into the southeast corner of the large room. Service -- assembled in the north west corner of the large room. "ROBERT JOHNSON attended the Service group. "Those officiating were--"MINA ROAST Chairman DELFINO VARELA Reporter ANNE LOPEZ-----Secretary "Report of VARELA: -- There are many different levels in the USA government. The Federal Gov't is a vast and complex structure. In the National Housing Act there are nine different provisions for low cost housing. The various lending agencies, such as banks are not interested in telling people about this low cost housing loan arrangement. Another thing which is not generally known is that these loans can be obtained without going through a bank or other agency. "Congress has passed an extensive scholarship loan law. 3 -

"The Social Security Act has many different provisions which are being changed and/or added to every day."

"At the state level more programs are being added every day.

"The state provides for more teachers for smaller classes for (students) with different language background, so that they may overcome this lauguage problem and at the same time keep up with their work.

"When country relief is provided it has to be paid back. If the individual leaves the country without paying back this relief money he will either have to pay it back upon his re-entry or be excluded.

"If money is obtained for an unemployed person under the State Federal Unemployed Father Act, this money does not have to be paid back and the person cannot be deemed a public charge.

"The Department of Public Assistance (at the county offices) tells the people that this money has to be reported to the Immigration authorities (Service). But this money does NOT have to be paid back. Because the foreign born do not know how to apply they are excluded.

"There is a directory of 189 different agencies or services. There could be a center to serve various claims to these many agencies. At present the agency which serves the area east of the river has no worker who can speak Spanish.

"FRANK LOPEZ suggested a 'Traveler's Aid' type service which could direct people to the proper agency for their particular need.

"WOMAN--(NATALIA-phntc. spl.)-----continued----

LA 100-1783 "(NATALIA -- continued) -- Said the L.A. Comm. for PFB is supporting defense of deportation and should not try to support this other work. "VARELA---said that CFPFB is not necessarily restricted to deportation defense. "WOMAN seated on VARELA's right-5ft. 0--Little heavier than medium EYES dark

HAIR brown AGE--about 45

"Said she had been here about 5 months. She had worked in New York at the NMU where sailors were helped in getting their citizenship by bringing out the fact that while they were on USA ships away from USA their time continued as though they had remained in the USA .-- She stated that she is now employed at a place where many minority groups are also employed -- mostly Mexicans and negros. These workers don't know how to make out any kind of report or from of the simplest nature and they are not helped by the company. No one cares.

"MAN--who had been a deportee HEIGHT--about 6-0 to 6-2 WEIGHT--medium EYES-believed to be blue AGE-65 to 70 HAIR-Redish light brown COMPLEXION-FAIR A little redish. RACE-caucasian could be nordic

"Said if the Comm FPFB had not helped him at Sacramento he would not have obtained his social security benefits.

LA 100-1783 WEIGHT-little heavier than medium EYES-dark-wears glasses HAIR--dark brown AGE-about 50 "(is familiar with a Hollywood Group which is the 'WEXLER's' (phonetic sp.) "WOMAN--continued--Moved that a service committee to be formed to help the foreign born to find the right assitance service etc. "WOMAN (5 weeks in Calif.) said that such an information bureau must be serviced. This was the case with the United Radio Electrical Machine Workers Central Service Bureau in New York City . Suggested getting a booth in another agency.

"VARELA -- Said: Other agencies are not interested or their cooperation cannot be obtained on a money basis etc. Suggested a committee to study this in every detail.

> "MAN-(FRED.??)----5-5 to 5-7 WEICHT-medium EYES-dark-wore glasses HAIR-light brown COMPLEXION-fair a little redish. AGE-about 60 RACE - caucasian

"Said this a bewildering field. Many agencies with years of experience are already in this field. Must realize L.A. Committee's strength. Not strength or money to carry on. Committee is most experienced in coming to grips with the Immigration Dept.

"WOMAN-----Study is necessary for such a much needed committee.

LA 100-1783 "MAN-----HEIGHT-could be 5-5 or 5-6 WEIGHT heavier than medium 'Said a EYES-dark-wore glasses committee AGE-about 65 is needed. HAIR-dark with gray-receding COMPLEXION-fair-face very red as though high bloodpressure-hands very pale. "FRANK LOPEZ-Said committee is needed to study every detail. "ETHEL BERTOLINI - said in regard to the defense of deportees, most cases under the Deportation Department would never have gotten into this position if they had been properly informed of the laws. This agency (which is being proposed) should be carried on by the government. "MR. RAMIREZ said that the Social Security Office will send someone out to tell about Social Security. The Mexican Community is ready and needs such an agency (as had been proposed). Education is needed. "VARELA --- To many Mexicans the making out of the simplest form is an insurmountable obstacle. The Mexican Community will back up anything which will fulfill their needs. "A task force should be created to find out where various agencies are serving well and where they are falling down on the job. The International Institute (for the foreign born) has 2 Spanish speaking workers. The agency which is working east of the river has no Spanish speaking workers. "A center should be started. Get the government of other agency to start a center. "WOMAN-(5 mos. in Calif.) Said this is too ambitious. Needs a study committee.

LA 100-1783 "E. BERTOLINI -- said L.A. Comm. FPFB could get out a mimeographed directory in Spanish of all these different services which are available and state that the L.A. Comm. is expert in the field of immigration. "Two motions were made: --- Create a Continuation Committee. 2-- Make Spanish Directory, E. BERTOLINI's. "NATALIA -- Said that a directory already exists in English. This should be made available in Spanish. "VARELA--suggested that the bulletin or directory be published in English and Spanish. (---It was noticed at this point that VARELA was holding a book whose pages were embossed with either Braille or Moon) -- left with NATALIA to attend another meeting .- NATALIA returned in a few minutes. "The motions were passed unanimously. "FRANK LOPEZ--Citizenship matters should be considered. "WOMAN (5 mos. in Calif.) asked what is the number of the office which can be called? "LOPEZ-said MA 5-2169 "NATALIA -- said when they used to have the Union for the Unemployed many other probelms used to be handled and this used to help very much. "MAN--(FRED) -- We must limit our field to what we can do. We can't help workers with checks they don't receive. (Due not having access to the machinery of the problem. "DAVID HYUN--Said that what is available is immigration aid and immigration service. Make this information to the foreign students. - 8 -

"The Service Committee was adjourned.

"FRANK LOPEZ called the GENERAL ASSEMBLY to order, and announced: --

"VARELA had to leave to attend a 'mop-up' convention this afternoon.

"DAN MARSHALL could not use his voice due to laryngitis so he (LOPEZ) was presiding in his place.

"The results of the workshop sessions were the most productive of any held within the last three years. The service group increased from 18 to an attendance of 28--.

"A talk followed which was as follows: --

"REV. STEPHEN H. FRITCHMAN, pastor of the First Unitarian Church of Los Angeles.

"His remarks were as follows: ---

"BISHOP MITCHELL did not say that what he has suffered from the right wing extremists in his own group is even greater than that which this (LAComFPFB) has endured.

"A delegate from the West Indies (a colored man) was then introduced.

"FRITCHMAN continued: --- There is a new wave of right wing extremism in America. This movement is like that in Germany in the 20s, when right wing intolerances and race prejudice mounted and the rising fanatacism resulted in the mass persucution of minorities. This stemmed from a belief in Nordic supremecay.

LA 100-1783 "In this country bigotry, intolerance of all racial minorities and race prejudice are on the increase. Hatred's searing fires are searing the country, carrying it into Facism and Nazism. The right wing extremists have brought intollerance and hatreds to a pitch of violence which culminated in the assassination of Pres., KENNEDY. "FRITCHMAN stated that he was in Warsaw for a few days immediately following this tragedy, and shortly after this in East Berlin. 'You should have heard what was said about this there! There is already Facism in America. "An example of the violent action being taken by the right wing extremists occured when he (FRITCHMAN) was in Tuscon recently. Young members of the JOHN BIRCH SOCIETY picketed his talk, and disturbed it by the questions which they asked. "This wave will sweep the country unless this organization does something about it to counteract this

movement. All possible pressure must be brought to bear on legislators and legislative bodies, and all persons who may be able do something about this situation.

"FRITCHMAN's talk was delivered with much emphasis.

"It was announced that a somewhat shorter version of it would be available in a short time, in a published form.

"The meeting was then adjourned.

"Is interested in comparative religons and philosophy. "He did a great deal of 'table hopping' usually leaving his cane hooked his chair. Appears to be widely acquainted with members of the LAcom. FPFB." ACTION: PSI during interview re above was unable to furnish any additional pertinent data except for the following personal opinion of PSI. "The atmosphere was cheerful and business like. There was much optimism expressed, or at least the opinion was expressed more than once that the present 'climate' is the most favorable experienced in many years. "There was also much confidence and determination expressed to bring pressure on legislative and executive bodies and individuals to enact more favorable laws and abate the nuisance of old laws. "Determination, vigor and high efficiency in the political field was seen and/or sensed. For instance SAM TITLE said that he gathered what friends he could, threw 3,000 leaflets into his car and headed for Long Beach where they buttonholed 3,000 or 4,000 delegates .-- This impression of careless and spontaneous voluntary action, taken on impulse is probably very misleading. -- Much carefully planned and well worked out operations involving a much larger number of workers must have taken place. Butonholding that many people at one minute per person would require 50 hourse of continuous work with no time out for meals. - 19 -

"From the number of delegates and the many organizations represented the political operation must be very very large.

"The tone was very ordinary. FRITCHMAN was the only dramatic speaker. The racial turmoil which this group is evidently fostering was not felt at this meeting. The bitterness and graspping for great political goals was well hidden.

"The financial report showed such a modest budget that it must be completely misleading. To carry on all the legal work and political activity much greater sums must have been spent.

"There appears to be the thought in the back of their minds (probably), as expressed by FRITCHMAN, that this favorable climate is subject to change without notice, possibly drastically."

All necessary action in connection with this memo has been taken by the writer.

stated that "Minutemen" is currently a very chaotic organization. He stated the leader, DE FUGH, seems to be highly paranoiac as evidenced by the way he mails his letters wrapping them in foil and sealing them. He described him as "running scared"

and apparently afraid of being arrested. He is apparently a

good writer, however.

LA 100-NEW

advised that he has also been in contact with Colonal WILLIAM GALE, who is founder of the Rangers. described him as a "nut" and a follower of Reverend
WESLEY SWIFT. He stated that GALE claims to have 1,000
Belgium assault weapons available, but it is his opinion more
likely that he has two or three cached somewhere. He further described GALE as "very far off."
stated that most of the AVAC members are members of the John Birch Society. Other information furnished by him in this regard has been incorporated in another memo under Committee for a Democratic Spain caption.
further advised that he has been in contact with SAN JACINTO CAPT, who was last State head of the Ku Klux Klan before it was outlawed in California. He described CAPT as "senile." reiterated that he believes in fighting the enemy on all fronts.
It is recommended that a 100 dead file be made on captioned subject "American Veterans Against Communism, IS-X," since it is believed that further information will be received from pertaining to this organization and its activities in anticommunist matters.

"Los Angeles, April 22, 1964

"The annual Warsaw Guetto Memorial meeting, sponsored by the American Federation of Polish Jews and affiliated progressive organizations, took place on April 19, 1964 at the Wilshire-Ebell Theater, 4401 W. 8th St., L.A.

"ABE KORN, president of the Federation, opened the function with brief remarks and introduced LEAH NUDELL as chairman of the function. LEAH NUDELL spoke briefly about the Warsaw Guetto Uprising and the part that women took in it.

"The chairman then introduced, with great fuss, the fuss, the Jewish Peoples Chorus, who sang their usual progressive songs, under the direction of GABRIEL SUNSHINE and accompanied at the piano by WAALDIMER HEELE.

"The speakers of the evening were JERRY PACHT, JACOB ASHPIZ, Congressman GEORGE BROWN JR. and the First Secretary to the Polish Ambassador ZOZISLAW LUDWICZAK. All speakers spoke about the Warsaw Guetto Uprising and attacked West Germany for permitting Ex-Nazis to hold important government positions. They also spoke out sharply against the extreme Rightist groups in the United States, including the Birch Society and the American Nazi party.

"ZOZISLAW LUDWICZAK, in his talk, told the participants, that during the Guetto Uprising, Polish people risked their lives to supply the Warsaw Guetto with emunition and food. Although, he said, the Nazis gave out a decree that any Pole found harboring or rendering aid to Jews will be executed, together with his family, a lot of Poles took the risk to hide Jews and aid them in every possible way. The First Secretary of the Polish Embassy then told the assembled about the wonderful treatment the Jews in Poland are receiving now. The Polish government, said the First Secretary, is subsidizing the Jewish schools, publications and cultural activities. we will unveil, said the Secretary, a magnificient monument for the Jewish victims of Nazi brutality. The monument will be located in Trablinca, on the spot were a Nazi concentration camp was located. Contributions for the erection of this monument, said the Secretary, came from all over the world, including the United States. Poland, together with other countries, are working new on plans to prevent future wars. Poland has suffered enormously from the last war and is interested and working now for peace and disarmament, in spite of the fact, that West Germany is rearming itself and planning aggressive acts against Poland. We must see to it, said the First Secretary, that West Germany never again comes in a position to wage war. Especially, do we have to see to it, that they do not get ahold of Nuclear weapons. The fact that, so many Ex-Nazis are still holding government positions in West Germany, shows that Nazism there is not all dead. I feel privileged of having the opportunity to address you at the commemoration of the 21st anniversary of the Warsaw Guetto Uprising concluded the First Secretary of the Polish Embassy.

"CANTOR HERMAN WALFISH chanted the traditional prayer for the dead. He asked the participants to stand and repeat after him the prayer. There were very few of the one thousand assembled who repeated the prayer with the CANTOR.

"Also to take part in the Lighting of the Candles were a number of children of the progressive Jewish schools.

"There were about 1000 persons present at this function. Including there were:

"DATE: SUNDAY - MARCH 15, 1964 - 10:00AM-3:00PM.

"ATTENDANCE: Approx. 30 people. Among those present and

identified were the following.

"JOHN HELLMAN - Chairman of the meeting. BEN DOBBS - Executive Secretary, SCD-CP. FELIX PADILLA AL ALDEZMA VERA HATHAWAY - NO 2-9787 ELLEN KLEIMAN BROMS ETHEL BERTOLINI

"The meeting was opened by JOHN HELLMAN who in turn introduced BEN DOBBS.

"BEN DOBBS remarked that this SECTION meeting had been called to deal with the coming elections and specific problems of this SECTION. DOBBS said that a significant thing that had happened just recently was that the Republican Party Chairman for California had resigned and the statement he made parallels the statement GUS HALL had made several years ago: 'that the BIRCHERS are taking over the Republican Party or that the Republican Party is on the verge of being taken over by the BIRCHERS.'

"BEN DOBBS indicated that the coming elections in California will set the tempo re the old question of dealing with the ULTRA-RIGHT throughout the whole nation. Our role, as communists and Marxists, is that we must strengthen the fight against the ULTRA-RIGHT. Also, certainly NELSON ROCKEFELLER presents a danger in the Negro community by indications of a recent rally for ROCKEFELLER which was held in the Negro community. He is drawing some support from the Negro community because of his liberal interpretation of the civil rights question whereas BARRY GOLDWATER does not draw this type of support because of his bad line.

"BEN DOBBS continued that the recent move to change the registration of people into the Republican Party is wrong. There is vacillating between the Republicans and Democrats LA 100-59693 "to break ties with people and the different parties they belong to. Each time you change there is a decline of imperialism throughout the World and imperialism as a result finds itself with its back to the wall for stepping up the use of force. "BEN said that there is a general tendency of relaxation of world tentions, but mainly, the question that confronts the reelection of LYNDON B. JOHNSON is, 'Can a Southerner be elected to the presidency?' was the same question that somewhat parallels the question of whether a Catholic could have been elected president which President KENNEDY was. Much importance is placed on the question of the vice presidency and different aspirants for the vice presidency. The main thing is that the vice presidency is only a heart-beat away from the presidency and this has become very true with the assassination of President KENNEDY and how JOHNSON being the president. "BEN DOBBS said that the CALIFORNIA DEMOCRATIC COUNCIL (CDC) convention which took place was a very good one and had very positive aspects. "No. 1: There wasn't any 'red-baiting' at the The coices of the rank and file forces were convention. heard from. The main problem which seems to confront us with the CDC is that many COMMUNIST PARTY MEMBERS have a wrong analysis of what the CDC is. "No. 1: It is not a part of the Communist Party. "No. 2: It is not an official part of the Democratic Party. "It is a liberal force of a group of people who gather together to express themselves in an independent organization. Another thing which seems to be confusing Communist Party members is this NATIONAL GUARDIAN and MONTHLY REVIEW line where they take the side of China. In other words,

"it is the Chinese Line ideology. That line is not the line of the Communist Party-U.S.A. Also, the NATIONAL GUARDIAN and the MONTHLY REVIEW say that a THIRD PARTY must be formed now where we say that it is possible to work through the TWO-PARTY system.

"The most important race which is going to take place countywide is the race for District Attorney. In effect, for many years this is one race that has been ignored. It has been a race which has been a non-partisan-type of race where the reactionary always got in as a result of this non-partisan question. Judge VINCENT S. DALSIMER must be supported and he wants the support of liberal people. He is a good candidate and his statements indicate that the citizen is the client and not the police, and that many times there is a falsy type of a crime wave and the District Attorney's office has to respect the questions of the people. A person like DALSIMER as District Attorney would bring about some very good changes in the jurisprudence system of the County.

"The INITIATIVE Against the RUMFORD ACT has to be defeated. It is a reactionary movement where the whole question of people's rights to live where they can afford to live are being attacked. Altho people who are for the initiative are calling it the democratic processes of letting people vote the question did not come out that reactionary forces control all the means of propaganda, such as the newspapers, the radio, the TV, etc. The initiative can be clearly stated as an act of race prejudice. BEN DOBBS then sat down and JOHN HELLMAN introduced ELIZABETH SPECTOR.

"ELIZABETH SPECTOR spoke. She said she had been working on this question of the RUMFORD ACT and that she had obtained quite a lot of material from the CITIZENS COMMITTEE on FAIR PRACTICES and the FRIENDS for LEGISLATIVE ACTION which was on a table and anyone who wanted to see it could take it, and if there was more than one copy it could be taken by the people and distributed. The main split working on the RUMFORD ACT is this split group from CORE

"which they say that the civil rights question should not be voted upon; that this is a basic right of the people. ELIZABETH said that this is a bad line and will cause the initiative to go into effect if people do not work against the initiative. She said that her particular club is working on a prepared question and answer educational which would be available in the very near future to all Communist Party clubs in the SECTION. ELIZABETH then outlined some action proposals:

"No. 1: The COMMUNIST PARTY must make the defeat of the RUMFORD INITIATIVE its No. 1 goal in California.

"No. 2: That the MEXICAN-AMERICAN area be concentrated upon to vote against the initiative, and that there be an alliance of Negro and Mexican-American against the initiative.

"No. 3: Pressure must be put on the Legislators to place it on the November ballot instead of the June ballot, and that there be mass communication with the Legislators on this question; that there be a voters registration drive tied in with the defeat of the initiative.

"ELIZABETH TALBOT spoke on the U. S. Senate race. He said it was an open-type of a race. The race is a good race and there is a real chance of electing a liberal, and that we should tie in the reelection of JOHNSON with the election of CRANSTON to the U.S. Senate and the defeat of the initiative against the RUMFORD ACT, and the three statewide acts which can be voted on by the people. It should be united in this manner. The danger in the U. S. Senate race is that it will be a sentimental-type of appeal made for CLAIR ENGLE. Let us be clear that ENGLE is not a liberal or a progressive person. He has never been and for that matter we should support CRANSTON for the U.S. Senate race. CRANSTON is capable and he does have a good The only question re CRANSTON is the liberalizing of the Un-American Committee instead of its abolishment. This could be changed later on with a certain amount of pressure. LA 100-59693 "WALLY TALBOT then sat down and JOHN HELLMAN introduced WALT SMITH. "WALT SMITH said that in the 29th District GEORGE BROWN, Jr. has no opposition in the sense of the Democratic Party at this time. "In the 48th A.D. There is no one opposing DANIELS in the sense of Democrats at this particular time. "In the 45th there is the question of AL SONG and EDDIE RAMIREZ running for the Democratic Party. "AL ALDEZMA then reported on the 30th C.D. He said that at this point no democrats are filing against EDWARD ROYBAL, the present congressman, nor against WARREN in the 56th, the incumbant. (CHARLES WARREN). "In the EDWARD ELLIOTT-AMTONIO BUENO race: BUENO has filed against ELLIOTT. AL ALDEZMA spoke in favor of supporting BUENO for the nomination in the 40th A.D. race. There was a period of discussion where the question came up, 'Is BUENO The type of a person to support against ELLIOTT?' No decision was made whether ELLIOTT or BUENO would be supported or opposed by this SECTION. "BEN DOBBS then took the floor at this point and said that when there is a person of a minority race running against a liberal-type of person who is not from a minority we must ask ourselves certain questions: "What do we mean by Mexican or Negro representatin?' "'It is not just Mexican or Negro representation, as such, but the interest of the Mexican and Negro people which is involved.' "There had been questions where a minority group of people had been elected to office and had turned out phonies. For example, in the ILWU, the first Negro representative was elected and he turned out to be a phony. A

"person who ran for Mayor of this city, Los Angeles, turned out to be a stool-pigeon. What we must decide is the peace movement and who best represents the interests of the minority groups. It is well to let the primaries decide this question and then there can be a realignment of our line after the primaries.

"SOL MOMROY then gave a report on 'Peace and the Candidates,' re the question of changing the imperialistic and socialist forces throughout the world, and the questions to be put to candidates re a peace program.

"After SOL MONROY reported, ELIZABETH SPECTOR called for an exchange of discussions with the NATIONAL GUARDIAN and the MONTHLY REVIEW on the question of the ideology of the Chinese Party and the Ideology of the Soviet Party.

"BEN DOBBS then took the floor and called for support of the peace march, Saturday, Marcy 28th. DOBBS said that the peace movements are not going to be tied in with election movements, and they are going to be large, independent movements. We, as Communists, should use the CALIFORNIA DEMOCRATIC COUNCIL's resolutions which were passed at their convention to make the different groups take a stand on the peace question.

"ELLEN KLEIMAN BROMS then spoke on 'Party Building, and the strengthening of the youth question in the Party.' She indicated that she was not the person who was supposed to give the report but that she would try. She said that yout had been recruiting youth into the Communist Party and they used a certain type of standard for recruiting. The first thing the youth decided was that they would not be security conscious so that they would eliminate youth from the Communist Party. There are certain areas where people grow and they grow together in a particular club, and there are certain levels of political understanding by different people. Also, there are certain levels of understanding of socialism by different people so that these people are put into classes as to their level of understanding. What takes place during these classes is that youth have questions and after

"these classes there is an orientation session. In the activities which are taking place throughout the city there are two socialist youth gromps. One on campus and one near City College. The activity is very high in these particular groups. The recent victory that took place in San Francisco at the Sheraton Hotel was a result of youth activity. Youth has a lot of unsolved questions but they join together to discuss these questions and to strengthen the Communist Party.

"BEN DOBBS then ended the meeting and called for financial assistance to youth. He said there is a forum where people who want to attend can telephone: NO 2-1492 and they will tell them what forums are going on throughout the city."

"Chairman was PIERRE MANDEL, who opened the meeting and told the participants that the meeting was called for the purpose of discussing the Initiative, the BILL TAYLOR campaign and the role of the Party in relation to the issues to be discussed.
"PIERRE MANDEL then introduced to lead on with the discussion on the Initiative. compared the Initiative to the NEUREMBURG laws. I want you, comrads, to know, said that the Initiative is not aimed at Negroes alone. It is also aimed at Jews, Mexicans and other minority groups. If the Initiative passes, said it will nullify not only the Rumford Act, but also all other laws, which are on the books against discrimination and housing

b6 b70

"We should also know, said that the supporters of the Initiative are the Birch Society, the Nazi Party and a number of other Rightist groups and the California Real Estate We must make a concentrated effort here, in our Jewish community and also in the general community to educate the people about the viciousness of the Initiative. We must take up the issue of the Initiative in our mass organizations, the Trade Unions and religious leaders. We must work out plans to make sure. that the Initiative is defeited by all means, said These were approximately the highlights of talk. "The chairman then announced, that the floor is now open for everyone, who wants to participate in the discussion. | suggested, that the Section should get out a few thousand leaflets on the Initiative for distribution and that the Section should plan for a large meeting and invite such speakers as Congressmen ROOSEVELT and BROWN. Lisagreed with some of the suggestions made by She thought that it will not be such an easy task to convince Jewish apartment house owners and home owners that the Initiative must be defeited. also suggested, that the leaflet, explaining the bad features of the Initiative, should be gotten out by the Section for distribution. He also suggested block meetings and other small meetings for the purpose of discussion and convincing

"BILL TAYLOR, who also took part in the discussion said: First, we have to get well acquainted with Initiative and it's effects. I wonder, whether everyone present here, has seen the original of the Initiative, with the various different paragraphs. The defeit of the Initiative is as important as the passage of the Civil Rights Bill, which is now being discussed in the Senate. Proposition 24 was as vicious as the Initiative and tougher to fight, yet, we beat Proposition 24 down, and we can do the same now with the Initiative. However, we must have patience in discussing the issue with people and especially must we be patient with some of our progressive friends said BILL TAYLOR.

people on the danger of the passage of the Initiative.

"The chairman closed the discussion by saying: This discussion we had here about the Initiative, must be continued in the clubs. I would also like to remind you, comrades, said PIERRE MANDEL, about our May Day Celebration, which will take place this Friday, May 1st. GILL GREEN, who was scheduled to speak, will not be there. In his place, we will have BOB THOMPSON chairman of the Party. We must see to it that the place is packed. Although there are three other functions taking place this Friday, we must do our best to see to it that the May Day Celebration is a success. Incidentally, said MANDEL, the youth will be present there in full force and they will have some surprise entertainment for us.

"The chairman then introduced BILL TAYLOR, as the Party candidate for the office of Supervisor. BILL TAYLOR, in his short talk, explained the functions in detail of the Board of Supervisors. He said, it was a toss up between him and DOROTHY HEALEY about being a Party candidate. It was decided that I file for that office. We put up \$420 .- and I will conduct the campaign as a Communist. My opponent, Supervisor HAHN, is the best one of all five Supervisors. He get \$21,000.-per year and you cannot blame these fellows for trying to hold on to their jobs for as long as possible. The supervisors have about 900 million dollars at their disposal to run the County. The five Supervisors have more power than the State or TAYLOR then gave details of the responsibilities the City. of the Supervisors. I know, said BILL TAYLOR, that my chances of being elected are slim. However, I am going to try hard and work hard in this campaign. I will discuss the important issues with the people and we will have a number of mobilizations. You all know, that we have campaign offices on W. Jefferson Blvd. and we will have to spend some money to run this campaign. We already spent over \$1000.-If we succeed in getting one new recruit for the Party for every thousand votes I will receive, the effort will be worth. You know, comrades, said BILL TAYLOR, actually

"we are conducting this campaign to gain prestige for our Party. We would like to have people get used to us as a Political Party. I may not get enough votes, said TAYLOR, but we will try again and again. The Natl. Committee of our Party in New York sent out letters to 50 Secretary of States notifying them of our intention of putting out candidates for various offices and asking them for the requirements. We received a letter back from the Secretary of State of Arizona, telling us, that since we are a subversive organization and known as such, we cannot therefore run for office in Arizona. We have already mailed out a few thousand pieces of campaign literature and we will mail out many more thousand pieces of campaign literature. All mobilizations will start from our campaign offices on W. Jefferson Blvd. We will try to do some campaigning on Radio and T.V. I am already scheduled to be on Radio in place of DOROTHY HEALEY. If our Party can gain a number of new recruits as a result of my campaigning, said BILL TAYLOR, our efforts will not be in vain. These were approximately the highlights of BILL TAYLOR's remarks.

suggested, that club members chip in
\$1 each for the campaign. PIERRE MANDEL said: I would
like to clarify something. The District Committee of our
Party decided to ask Party members to contribute a minimum
of \$1 each to BILL TAYLOR's campaign, but that does not
mean that Party members cannot give more or even raise money
from friends. made a suggestion that the

"April 26, 1964

"On Monday night April 24, 1964 a meeting of the Western Section, LADCP was held at the home of Bentley Court, Venice.
"Present at this meeting were:
"BEN DOBBS, representing the District representing the section and the Venice Club representing Santa Monica Club as an observer from the Santa Monica Club and male, approximately height 5'10", 160 lb, dark blonde
hair, worn long, representing the Youth Club. representing the Culver Club.
proposed the following Agenda 1- Discussion of the speech made by Senator FULLBRIGHT on Viet Nam 2- June primary 3- Organizational announcements.
started the discussion by saying he would not go into the FULLBRIGHT speech thoroughly because it had been in the papers and the National Committee was doing a report on it but he wanted us to discuss it in terms of what action we thought it would be possible for our clubs to take. He said the climate was right for the peace forces to merge to accomplish something, with men like FULLBRIGHT and MORSE and several others who have taken the stand they have taken, that we should not continue to fight in Viet Nam. It was the opinion of most of the comrads at the meeting that it was very important to get individual letters and telegrams to these men, congratulating them on their stand and urging them to continue. The fact that the John Birch Society has an ever continuing letter writing campaign seems to impress the comrads of the effectiveness of this sort of action. It was suggested that letters be written to GOLDWATER, NIXON, and ROCKEFELLER to tell them of the approval of the FULLBRIGHT, etc. stand and of the disapproval of theirs.

1 b6 b7C LA 100-55501 "It was pointed out that this is a very important period before the November election with issues such as civil rights, poverty, disarmament. It was felt that there are many things that can be done. It was urged that we pressure the Democratic clubs to get moving and put out literature so that precinct work can be done, urge SANE to sponsor a meeting where ALAN CRANSTON can be invited to speak. It was suggested we have meetings in homes where the candidates are invited so it would be possible to get BILL TAYLOR invited so he can speek and also to have parties to raise funds for the BILL TAYLOR campaign. "The campaign for DALSIMAR for District Attorney is being stressed and along with this the fight against Police Brutality. BOB pointed out the incidents on the east Side with the police and mentioned his youth club had had a party in Beverly Hills where the police had come in and had been abusive. Dear Patriot:

Thank You for flying your flag on Memorial Day.

Seeing your flag unfurled on this day which commemorates those Americans who gave the ultimate sacrifice is inspiring.

The fragile gift of freedom preserved by them is now under assault from the Communists and their bedfellows. What is at stake is the basic principle of our American way of life -- God and Country.

Therefore, we of the John Birch Society are striving to rally Americans of any creed, color or race to the defense of our greatest common good which is -- The Constitution of the United States.

The John Birch Society is an educational army, and our only weapon is the truth. For there is nothing the Communists fear so much in the whole world today as having the American people learn, in time, the truth about their purposes, their methods and their progress.

If you have the willingness to learn and the courage to support the disturbing truth, please write us. After one return mailing we shall not contact you further unless you want us to do so.

Beliefs and Principles of the John Birch Society

EXTENSION OF REMARKS

OF

HON. JOHN H. ROUSSELOT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, June 12, 1962

Mr. ROUSSELOT. Mr. Speaker, many of my colleagues have questioned me concerning the beliefs and principles of the John Birch Society. For their benefit, under unanimous consent I insert those beliefs and principles in the Appendix of the Record.

GENERAL BELIEFS AND PRINCIPLES OF THE JOHN BIRCH SOCIETY

With very few exceptions the members of the John Birch Society are deeply religious people. A member's particular faith is entirely his own affair. Our hope is to make better Catholics, better Protestants, better Jews—or better Moslems—out of those who belong to the society. Our never-ending concern is with morality, integrity, and purpose. Regardless of the differences between us in creed and dogma, we all believe that man is endowed by a Divine Creator with an innate desire and conscious purpose to improve both his world and himself. We believe that the direction which constitutes improvement is clearly visible and identifiable throughout man's known history, and that this Godgiven upward reach in the heart of man is a composite conscience to which we all must listen.

We believe that the Communists seek to drive their slaves and themselves along exactly the opposite and downward direction, to the Satanic debasement of both man and his universe. We believe that communism is as utterly incompatible with all religion as it is contemptuous of all morality and destructive of all freedom. It is intrinsically evil. It must be opposed, therefore, with equal firmness, on religious grounds, moral grounds, and political grounds. We believe that the continued coexistence of communism and a Christian-style civilization on one planet is impossible. The struggle between them must end with one completely triumphant and the other completely destroyed. We intend to do our part, therefore, to halt, weaken, rout, and eventually to bury, the whole international Communist conspiracy.

III

We believe that means are as important as ends in any civilized society. Of all the falsehoods that have been so widely and deliberately circulated about us, none is so viciously untrue as the charge that we are willing to condone foul means for the sake

of achieving praiseworthy ends. We think that communism as a way of life, for instance, is completely wrong; but our ultimate quarrel with the Communists is that they insist on imposing that way of life on the rest of us by murder, treason, and cruelty rather than by persuasion. Even if our own use of force ever becomes necessary and morally acceptable because it is in self-defense, we must never lose sight of the legal, traditional, and humanitarian considerations of a compassionate civilization. The Communists recognize no such compulsions, but this very ingredient of amoral brutishness will help to destroy them in the end.

ĮV

We believe in patriotism. Most of us will gladly concede that a parliament of nations, designed for the purpose of increasing the freedom and ease with which individuals, ideals, and goods might cross national boundaries, would be desirable. And we hope that in some future decade we may help to bring about such a step of progress in man's pursuit of peace, prosperity, and happiness. But we feel that the present United Nations was designed by its founders for the exactly opposite purpose of increasing the rigidity of Government controls over the lives and affairs of individual men. We believe it has become, as it was intended to become, a major instrumentality for the establishment of a one-world Communist tyranny over the population of the whole earth. One of our most immediate objectives, therefore, is to get the United States out of the United Nations, and the United Nations out of the United States. We seek thus to save our own country from the gradual and plecemeal surrender of its sovereignty to this Communist-controlled supergovernment, and to stop giving our support to the steady enslavement of other people through the machinations of this Communist agency.

We believe that a constitutional Republic. such as our Founding Fathers gave us, is probably the best of all forms of government. We believe that a democracy, which they tried hard to obviate, and into which the liberals have been trying for 50 years to convert our Republic, is one of the worst of all forms of government. We call attention to the fact that up to 1928 the U.S. Army Training Manual still gave our men in uniform the following quite accurate definition, which would have been thoroughly approved by the Constitutional Convention that established our Republic. "Democracy: A Government of the masses. Authority derived through mass meeting or any form of direct expression results in mobocracy. Attitude toward property is communistic-negating property rights. Attitude towards law is that the will of the majority shall regulate, whether it be based upon deliberation or governed by passion, prejudice, and impulse, without restraint or regard to consequences. Results in demagogism, license, agitation, discontent, anarchy." It is because all history proves this to be true that we repeat so emphatically: "This is a Republic, not a democracy; let's keep it that way."

VI

We are opposed to collectivism as a political and economic system, even when it does not have the police-state features of communism. We are opposed to it no matter whether the collectivism be called socialism or the welfare state or the New Deal or the Fair Deal or the New Frontier, or advanced under some other semantic disguise. And we are opposed to it no matter what may be the framework or form of government under which collectivism is imposed. We believe that increasing the size of government, increasing the centralization of government, and increasing the functions of government all act as brakes on material progress and as destroyers of personal freedom.

We believe that even where the size and functions of government are properly limited, as much of the power and duties of government as possible should be retained in the hands of as small governmental units as possible, as close to the people served by such units as possible. For the tendencies of any governing body to waste, expansion, and despotism all increase with the distance of that body from the people governed; the more closely any governing body can be kept under observation by those who pay its bills and provide its delegated authority, the more honestly responsible it will be. And the diffusion of governmental power and functions is one of the greatest safeguards against tyranny man has yet devised. For this reason it is extremely important in our case to keep our township, city, County and State governments from being bribed and coerced into coming under one direct chain of control from Washington.

VIII

We believe that for any people eternal vigilance is the price of liberty far more as against the insidious encroachment of internal tyranny than against the danger of subjugation from the outside or from the prospect of any sharp and decisive revolution. In a republic we must constantly seek to elect and to keep in power a government we can trust, manned by people we can trust, and working for purposes we can trust (none of which we have today). We think it is even more important for the government to obey the laws than for the people to do so. But for 30 years we have had a steady stream of governments which increasingly have regarded our laws and even our Constitution as mere pieces of paper, which should not be allowed to stand in the way of what they, in their omniscient benevolence, considered to

644926-84733

CONGRESSIONAL RECORD

be "for the greatest good of the greatest number." (Or in their power-seeking plans pretended so to believe.) We want a restoration of a "government of laws, and not of men" in this country; and if a few impeachments are necessary to bring that about, then we are all for the impeachments.

IX

We believe that in a general way history repeats itself. For any combination of causes, similar to an earlier combination of causes, will lead as a rule to a combination of results somewhat similar to the one produced before. And history is simply a series of causes which produced results, and so on around cycles as clearly discernible as any of the dozens that take place elsewhere in the physical and biological sciences. But webelieve that the most important history consists not of the repetitions but of the changes in these recurring links in the series. For the changes mark the extent to which man

has either been able to improve himself and his environment, or has allowed both to deteriorate, since the last time around. We think that this true history is largely determined by ambitious individuals (both good and evil) and by small minorities who really know what they want. And in the John Birch Society our sense of gratitude and responsibility (to God and to the noble men of the past), for what we have inherited makes us determined to exert our influence, labor, and sacrifice for changes which we think will constitute improvement.

In summary, we are striving, by all honorable means at our disposal and to the limits of our energies and abilities, to bring about less government, more responsibility. and a better world. Because the Communists seek, always and everywhere, to bring about more government, less individual responsibility, and a completely amoral world, we would have to oppose them at every turn, even on the philosophical level. Because

they are seeking through a gigantically organized conspiracy to destroy all opposition, we must fight them even more aggressively on the plane of action. But our struggle with the Communists, while the most urgent and important task before us today, is basically only incidental to our more important long-range and constructive purposes. For that very reason we are likely to be more effective against the Communists than if we were merely an ad hoc group seeking to expose and destroy so huge and powerful a gang of criminals. In organization, dedication, and purpose we offer a new form of opposition to the Communists which they have not faced in any other country. have tried to raise a standard to which the wise and the honest can repair. We welcome all honorable allies in this present unceasing war. And we hope that once they and we and millions like us have won a decisive victory at last, many of these same allies will join us in our long look toward the

EXTENSION OF REMARKS

HON. JOHN H. ROUSSELOT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 14, 1962

Mr. ROUSSELOT. Mr. Speaker, the Efficiency Research Bureau, a private thorough investigation of the John Birch Society in Orange County, Calif. Findings of the Bureau are reported in the March 1962, issue of the Santa Ana Register, a newspaper published in Orange County. I believe the findings will be of interest to my colleagues. Under unanimous consent I place the report which appeared in the Register in the Appendix of the Congressional Record.

The report follows:

JOHN BIRCH SOCIETY INVESTIGATED

A private investigating firm, Efficiency Research Bureau, 800 South Harbor Boulevard, Anaheim, conducted a thorough investigation of the John Birch Society in Orange County, Calif. Efficiency Research Bureau was hired by the president of a local manufacturing firm to make an impartial study. 644926---84733

A five-man team of investigators, including a Negro clergyman, sat in on numerous Birch meetings and accumulated a wealth of data on the organization and its operation. The following are the 14 conclusions to which the investigating team came, based upon their extensive research:

- 1. Many of the allegations and rumors against the John Birch Society could not be supported by fact.
- 2. The John Birch Society is an anti-Cominvestigating firm, has completed a munist movement open to anyone interested in joining or attending meetings.
 - 3. It's not a secret organization, but rather groups meeting for discussion of views and ways in which to fight the international Communist conspiracy.
 - 4. The majority of John Birch Society members don't support or agree with many of the statements of Robert Welch, the society's founder; they seldom disagree with him on policy.
 - 5. Each chapter is independent and each member cooperates with chapter, State and national views according to the dictates of his own conscience.
 - 6. Efficiency Research Bureau investigators attending these meetings have found groups as small as 15 and as large as 59 at a single meeting. About 15 seemed to be preferred.
 - 7 All indications show that the John Birch Society anti-Communist movement is growing continuously and steadily.

- 8. Utilizing both white and colored investigators, it was learned the John Birch Society isn't anti-Semitic, anti-Negro, or anti any religious group. That they, in fact, have chapters comprised entirely of colored membership. Also, it was found John Birch Society has Jewish members on the national advisory council.
- 9. Investigators found no evidence of violence or unlawful activity engaged in by the John Birch Society.
- 10. Investigators did learn that there were individuals who carried personal prejudices with them into the organization. It was learned John Birch Society works to isolate persons with such prejudice. If a whole chapter is found to share certain prejudices the area coordinators try to disseminate such groups.
- 11. Investigators learned there is a John Birch Society major coordinator for Orange, Los Angeles, and San Bernardino Counties and he has two coordinators directly under
- 12. Investigators expected to find a dictatorship and didn't find it.
- 13. The society as a whole works very hard to make sure that John Birch Society isn't used as a vehicle to promote prejudices.
- 14. Investigative work included checking out documented information by factfinding groups which is used as a basis for some John Birch Society work.

These sheets are available, in any quantity, at one cent each. Order from The John Birch Society, Belmont, Massachusetts 02178 UNITED STATES GOVERNMENT

"I have not replied to this correspondence and do not plan to unless we go ahead with the 'Greater Los Angeles Committee' and use this as a fund raising project for AVAC and simultaneously an information collection agency on regional Communist and sympathizer activities. At the present time, this is unlikely due to time element committments.

"In my last letter to you, I mentioned the possibility of turning over the 'Spain Today' subscriber list to the Spanish State. We have decided not to do this, for the time being, and instead to leave this matter up to the FBI or some other Federal agency whose legal function would more abtly perform this service.

"There has been no response locally from the item on page 4, March-April 1964 'Spain Today.' The May 19th issue of 'Tocsin' carried an announcement of the 'Greater L.A. Committee' on page 1 in which it listed pro-Communist activities on behalf of the Spanish Reds. Since the March-April issue of 'Spain Today', has received promotional literature from New York SANE and New York 'United World Federalists.' Prior to the article, all SANE and UWF correspondence had come from Los Angeles.

"Due to political activities of AVAC & FACT members who also belong to the JBS, the psywar project planned for the end of May had to be abandoned - at least for the time being. At present, AVAC is going into a state of relative inactivity for the next few months.

"ROCKWELL, dressed in a dark suit and white shirt, looked healthy and was in good spirits. Throughout the meeting he presented an image of a man confident and assured. In conversation he was course and crude, even more vulgar than I remember him last, occasionally shouting and occasionally using profanity. But he seemed in full control of his faculties and obviously enjoyed the meeting.

"He opened by hinting that the right-wing was finally uniting. He had met WESTLEY SWIFT that morning and discussed details for future cooperation. _______interjected a question about 'co-operation with CDL' and ROCKWELL, frowning, asked him

once again re-affirmed leadership of the unit and cautioned any 'mutineers' that they would be expelled. If
anyone had 'serious charges then let him submit them in
writing to headquarters where a decision would be reached.
It pained him, he said, to see the California unit squabbling
and falling apart just 'when it was so successful.' This had
happened to party units in other parts of the country he
cautioned, and was responsible for their collaspe. Throughout
the sermon, sat. armed folded, eyes on the floor, the picture of modesty. then asked him if he had been holding weekly meetings. stammered out that for the

He had phoned in Atlanta and offered the Klan attorney the use of his Lincoln Memorial speaking permit for July 5th. had accepted with gratitude. But after arriving in Los Angeles (and perhaps after his conference with SWIFT) was now of a different mind about the march. For he now now heard that '150 klansmen were driving to Washington with their cars loaded with guns and dynamite.' And with this he would have nothing to do. 'You cannot fight the army, the Justice Department and the FBI...you will just be arrested and thrown in jail.' How often violance had lead 'good men' to be 'taken out of the fight...like Branch in Miami...Can you imagine a worst fate than having to sit in jail while your country goes down the drain. I can't and I am not going to allow it to happen.' Anyone who violates this rule and starts

"Again, on urging, spoke at length about his trip. A highly colored version, attempted to portray it as a triumphful tour de force. At Northwestern University he had been invited by Y.A.F 'yes, that's right-YAF, and when I left a strong cell had been created there of YAF members.' He chuckled, 'Just wait until hears about that.'
"In St. Louis he had held a meeting at the home of a supporter; half the audience was ANP and half NSRP. At it's conclusion he was 'angered to see the NSRP people passing out literature for their party at my meeting.' But he decided not to stop them. 'If my Nazis aren't strong enought to withstand NSRP then they don't belong in the party.' Also in St. Louis he met the wife of the ADL regional director. He dwelt at length on this story, calling her filthy names, implying she was a 'lush' and pouring ridicule on her. Later when he saw her husband parading in front of his hotel room he thought he might be attacked. That night he slept with a paring knive within reach.
"In Seattle he met one of his strongest supporters- 'a man who has top secrecy clearing at Boeing Aircraft formerly the head of the JOHN BIRCH Society in the state'. This man arranged the speaking tour for and accompanied him to the university, carrying his briefcase. He also had a phone interview with a Vancouver news reporter.
"In Salt Lake City he met 'the grand old lady of the right' and spoke to a small meeting at her place.

"Evaluation

"It seems evident that ROCKWELL is in bad financial shape. He has not been able to get out a copy of the Storm Trooper since February. Funds are so low that many party activities have been sharply curtailed. The 'Vigil at the Lincoln Memorial' which the party has operated for weeks now has been a 'drain on the party - manpower and financial wise.' ROCKWELL said he would be glad when the Civil Rights Bill as passed so he could call off the operation. Meanqhile everyone at headquarters is 'working 24 hours a day...without food, without sleep.'

"Yet, whereas in the past, his physical and mental appearance noticable declined during periods of financial distress, this was not the case this time. Sucking on his corncob pipe, he seemed rested and at ease. Frequently he indulged in humorous anecdotes, pouring scorn on his opponents and laughing loudly

"when he described how he 'shreded someone' or 'creamated' a debater. His portrayal of individual Jews as 'vile creeps' and sneaking cowards...pansies...yellow rats' and the like obviously satisfied him emotionally. His excitment rose whenever he touched on the subject. His dialogue was studded with such words as 'vile' creamate', 'murder', bloody', animal mobs' and 'filthy beasts'. He has repeated them so often that they have been become mechnical reflexes. Truely, this is the authentic voice of the gutter.

"But ROCKWELL still maintains a highly rational mind. Whereas SWIFT told him that the 'hour was late, perhaps five minutes till twelve', ROCKWELL believed that the country was not in 'serious danger for another 8-9 years.' And he clearly abstained from taking the violent road of revolution as advocated by SWIFT and associates. ROCKWELL believes or so he says, that the party must hold together and wait-wait until the time is ripe for Nazism to rise. 'That day will come.' he said, 'and we must be ready.'"

SUBJECT: SM - JBS

On 6-22-64 General Insurance Broker, 940 Belmont Ave.,
Fresno, California, brought the attached hammer and sickle emblem to the Fresno RA.
He advised that it had been given him by one who was seeking employment from him, stating that he just couldn't continue to work for the subject anymore for whom he has been working a short time.

stated that the subject is one of the leaders of the John Birch Society in Fresno and was one of the individuals who acted as spokesman for the group at the recent visit of Rev. Martin Luther King in Fresno when the JBS handed out mimeographed affadavits at the gate of King's stadium appearance accusing King of Communist links. Stated that Scott has stacks of these hammer and sickle emplems in his office and that Scott reportedly carries a gun with him all of the time.

According to Maine is a peculiar individual who impresses as being possibly a homosexual so he has no intention of hiring him but thought the attached insignia and the location of hundreds more might be of interest to the FEI.

The writer explored potential as an informant and found that he would probably be receptive to a request to become an informant. However, in obtaining Background information from him it was learned that he had been a m member of the John Birch Society for about 12 years during the period 1961-62 and had been a chapter leader for a part; of that time. He stated he left the JBS when he found he had no time to devote to their work and because he found he could not agree with their means, even though he agreed with many of their ends. He felt that their premise that the whole world constituted an international monolithic Communist conspiracy against the U.S. was wrong and that they operated from delusions of persecution. He felt that the world is involved in a revolution of ideas and that these can be best answered with better ideas rather than with JBS methods. Because of his past connection with the JBS and possible use by them as a plant no further consideration is being given to his utilization as a PSI. A copy of this is designated for the 100 file on the Birch Society since was quite cooperative and would undoubtedly furnish information on the JBS. "on the election campaign. He stated that the issues of taxes on the small homeowner, minority discrimination and such items as the emergence of industrial cities designed to beat taxes were very appealing to the general public and were not raised too much by the other candidates. That the issues of discrimination in the supervisors offices and staffs indicated that this was the last major bastion of lily whites in the political scene, that the top 45 officials in the supervisors offices were all white. had appeared at the meeting of the supervisors and there had been a vicious attack on the Aid to Needy Children and welfare programs by members of the right with no effort on the part of the supervisors to defend the programs in any way but that they did take time to send a wire to the Supreme Court asking it to review its decisions on the Communist case. That during the campaign the press had given it much more publicity than expected, that when he filed it was the same day and that both were given very major publicity. That he had told the reporters that a vote of 25,000 would be considered a major victory and the district committee had expected possibly three per cent. That one of the most interesting things in the campaign was the fact that the Guardian had been entirely silent about it, especially when some of the staff of the Guardian had been in town during the campaign. That he had the opposition of all of the Negro press, the Sentinel refusing to take ads until it was threatened to put out a leaflet on this. That the Herald Dispatch had run an editorial calling stupid and not meritting the support of Negroes but had later reversed itself and come out in support of him merely to keep straight its record of support of Negro candidates. That the Hahn literature probably had been a major factor in the vote since Hahn had included several reprints of articles such as the one from the Citizen News and the PW. That he had included a letter from such a right winger as the president of Pepperdine college in his mailing. reported that there had been 10 regular workers in the campaign, hone of whom were Negroes, that he had had 10 minutes of TV time and about the same of radio time. He had managed to speak before 5 organizations and that the campaign had spent approximately \$2,000.00 and received 33,560 votes for a total of 13.3% of the vote. He said that the FBI had made copies of the voting records in order to find out where this vote had come from and that the FBI was starting to harrass some of the signers of his petition and some of the workers in the campaign. That the vote had been a much greater victory then anyone had expected for he estimated that 30,000 of the voters knew

"exactly who and what they were voting for. That from now on it was going to be just how to keep the Communist Party before the public eye in day to day issues. That there had appeared many very good generals but very few workers in the Party and that it would be necessary to see the people were better trained for the next campaign, that the leaders of the party did not do their job. That one of the most interesting features in the election was the fact that his vote did not come just from the Negro area but that he got just as high a proportion of votes from such lily white areas as Inglewood, Torrance and Gardena and the Party should reexamine its concentration from some of these results. That the headquarters was going to be That an intensive campaign would have produced very much greater results. That from now on it would be necessary for the Party people to get busy and attempt to move the professionals for a real fight in the finals since there was so much apathy among the CDC people etc. that these campaigns needed and amongst the followers of [to be looked at further to find out just why they were no more That the Communist Party had vary definitely gained prestige during this campaign that the next step must be to bring forth a candidate in the spring for city or school board office. PETTIS PERRY spoke and said that the campaign had been run on the wrong basis, that it had been run as a token campaign only and as a trail balloon, that it should have been one in which the full efforts of the Party were put and that there should have been support from the national party on the whole thing, that now the Party should start training its members for a full blown campaign in the spring either for mayor or other city office as conditions dictated and for school board for these were the only ways the Party position would be brought before the public. That there should be something done about the founding day celebration in Los Angeles for this had long been a travesty on facts, that there was only one caucasian among the founders and the rest were all Indians and Negroes but this was never portrayed in the celebration. Also that there should be more emphasis on the right of the Party to be on the American scene since there had been Marxists in this country since the 1850 in organized groups and this would certainly make them more American than the Birchers and the KKK. reported that of the permanent workers in the campaign there was one from West Adams, one from Aaron Johnson, 2 from South Central, 1 from Echo Park youth, 1 from Bay area youth. press had to pressure the Communist Press into doing what it should
have done. That the Party should make some effort to get someone to
attend the various public meetings with that there should be
